

THE SUPER BOWL IS HERE!

and

The Florida Department of Transportation (FDOT) is committed to clearing the road for you and the NFL!

The Florida Department of Transportation would like to remind everyone that the Super Bowl is bringing thousands of visitors to Miami-Dade and Broward counties. Expect many more cars on the road. Please be patient and mindful that many out-of-town visitors are unfamiliar with our roads. In difficult economic times, the influx of tourist dollars into our local economy is a great benefit for all South Floridians. Our ability to host future events will largely depend on how well the community responds to the many out-of-town guests.

In response, the Florida Department of Transportation will suspend construction work in the immediate vicinity of the stadium and restrict lane closures so that there is no impact to traffic during the events. Please plan your trips during this time and call 511 to get current traffic conditions.

Call 511 and stay connected today.
