Where the Contractor submits a request for Change Order or Change Proposal request, the Consultant must, within ten (10) calendar days, review and submit to the Town, his/her recommendation or proposed action along with an analysis and/or study supporting such recommendation.

**B2.09-10**

The Consultant must examine the work upon receipt of the Contractor's request for substantial completion inspection of the Project and must, prior to acceptance by the Town, recommend execution of a "Certificate of Acceptance for Substantial Completion" after first ascertaining that the Project is substantially complete in accordance with the contract requirements. The Consultant must in conjunction with representatives of the Town and the Contractor prepare a punch list of any defects and discrepancies in the work required to be corrected by the Contractor in accordance with Florida Statute 218.735. Upon satisfactory completion of the punch list the Consultant must recommend execution of a "Certificate of Final Acceptance" and final payment to the Contractor. The Consultant must obtain from the Contractor upon satisfactory completion of all items on the punch list all necessary closeout documentation from the Contractor, including but not limited to all guarantees, operating and maintenance manuals for equipment, releases of liens/claims and such other documents and certificates as may be required by applicable codes,

The Consultant must review the Contractor's "as built" drawings and submit them to the Town upon approval by the Consultant. The Contractor is responsible for preparing the "as built" drawings.

**B2.09-12**

The Consultant must monitor and provide assistance in obtaining the Contractor's compliance with its construction contract relative to 1) initial instruction of Town's personnel in the operation and maintenance of any equipment or system; 2) initial start-up and testing, adjusting and balancing of equipment and systems; and 3) final clean-up of the Project to assure a smooth transition from construction to occupancy by the Town.

**B2.09-13**

The Consultant must furnish to the Town the original documents, including drawings, revised to "as-built" conditions based on information furnished by the Contractor; survey, and specific condition. In preparing the "Record Set" documents the Consultant must rely on the accuracy of the information provided by the Contractor, including the Contractor's record drawings. Any certification required under this Agreement including the contents of "as-built" documents is conditioned upon the accuracy of the information and documents provided by the construction contractor. Transfer of changes made by "Change Authorization", "Change Order", "Request for Information", substitution approvals, or other clarifications will be the Consultant's responsibility to incorporate into the "Record Set". Changes made in the field to suit field conditions, or otherwise made by the Contractor for its convenience must be marked by the Contractor on the "Field Record Set" and transferred to the original contract documents by the Consultant. The original documents as well as the "Record Set" must become the property of the Town. A reproducible set of all other final documents will be furnished to the Town free of charge by the Consultant. The Consultant must furnish to the Town one complete set of "Record Set Drawings", in AutoCAD Version 2007 or such other format acceptable to the Town.

Additional Reimbursable Expenses include, but are not limited to:

**END OF SECTION**

## **SECTION C - COMPENSATION AND PAYMENTS**

### **C1 METHOD OF COMPENSATION**

The fees for Professional Services for the Project and each Work Order must be determined by one of the following methods or a combination thereof, at the option of the Town Manager or designee, with the consent of the Consultant.

- a) A Lump Sum, which may include not to exceed components in accordance with Section C4.01 below.
- b) An Hourly Rate, in accordance with Section C4.02 below and at the rates set forth in the Agreement.
- c) A Percentage of Construction Cost, in accordance with Section C4.03 below.

Work Orders for Additional services will be determined by one of the following methods or a combination thereof, at the option of the Town Manager or designee, with the agreement of the Consultant.

- a) A Lump Sum, which may include not to exceed components in accordance with C4.01 below.
- b) An Hourly Rate, in accordance with C4.02 below and at the rates set forth in the Agreement.

### **C2 COMPENSATION LIMITS**

The amount of compensation payable by the Town to Consultant will generally be a lump sum not to exceed fee, based on the rates and schedule established in Schedules 1 & 2; provided, however, that in no event will the amount of compensation exceed \$470,000.00 in total over the term of the Agreement and any extension(s), unless explicitly approved by action of the Town Council or Town Manager as applicable and put into effect by written amendment to this Agreement.

Under no circumstances will the Town have any liability for Services performed, or as otherwise may be alleged or claimed by Consultant, beyond the cumulative amount stated above, except where specifically approved in accordance with the Town's Procurement Ordinance, either by the Town Manager or Town Council, as applicable, as an increase to the Agreement and put into effect via an amendment to this Agreement.

### **C3 WAGE RATES**

#### ***C3.01 Fee Basis***

All fees and compensation payable under this Agreement must be formulated and based upon the certified negotiated Wage Rates stated in Schedule 2 of the Agreement. Said Wage Rates are the effective direct hourly rates, as approved by the Town, of Consultant and Subconsultant employees in the specified professions and job categories that are to be utilized to provide the services under this Agreement, regardless of manner of compensation.

Should the Consultant intend to utilize personnel or Subconsultants for the Project where the Wage Rates have not been established, the Consultant must request that the Town add the person or Subconsultant's wage rates to Schedule 2. The Town may require that the Consultant provide documentation substantiating the request.

#### ***C3.02 Employees and Job Classifications***

Form KS identifies the professions, job categories and/or employees expected to be used during the term of this Agreement. These may include engineers, landscape architects, professional interns, designers, CADD technicians, project managers, GIS and environmental specialists, specification writers, clerical/administrative support, and others engaged in the Work. In determining compensation for a given Scope of Work, the Town reserves the right to recommend the use of Consultant employees at particular

Wage Rate levels. Consultant must not utilize any profession, job category or employees that do not appear on Form KS. Consultant must submit a request to the Town to add such to Form KS prior to utilizing said profession, job category, or employees for Services under this Agreement.

**C3.03 Multiplier**

For Work assigned under this Agreement, a maximum multiplier of 2.9 for home office and 2.4 for field must apply to Consultant’s hourly Wage Rates in calculating compensation payable by the Town. Should the Consultant have an approved multiplier with the State of Florida or Miami Dade County, the Town may elect to utilize either of these multipliers should they be less than above stipulated rates. Said multiplier is intended to cover Consultant’s employee benefits (e.g. sick leave, vacation, holiday, unemployment taxes, retirement, medical, insurance and unemployment benefits) and Consultant’s profit, and overhead including, without limitation, office rent, local telephone and utility charges, office and drafting supplies, depreciation of equipment, professional dues, subscriptions, stenographic, administrative and clerical support, management and supervisory responsibilities, time or travel and subsistence not directly related to a Project. The multiplier **must not be applied** to the Principal, owner, or partner of the Consultant except where they are preparing drawings or specifications, preparing a study report, or similar tasks.

The Town may request at any time during the term of the Agreement that the Consultant provide updated information to validate its multiplier. It is the responsibility of the Consultant to notify the Town whenever circumstances that will result in a change to the multiplier.

**C3.04 Calculation**

Said Wage Rates are to be utilized by Consultant in calculating compensation payable for Additional Services requested by Town or where the Consultant proposes to add additional staff. Consultant must identify job classifications, available staff and projected man-hours required for the proper completion of tasks and/or groups of tasks, milestones and deliverables identified in a request for Additional Services.

**C3.05 Wage Rate Adjustments**

There will be no wage rate adjustments permitted under this Agreement.

**C4 COMPUTATION OF FEES AND COMPENSATION**

The Town agrees to pay the Consultant, and the Consultant agrees to accept for Services rendered pursuant to this Agreement, fees computed by one or a combination of the methods outlined above, as applicable, in the following manner:

**C4.01 Lump Sum**

Compensation for a Scope of Work will typically be a Lump Sum, either a Fixed Fee or Not to Exceed Fee as deemed appropriate by the Town, to be mutually agreed upon in writing by the Town and the Consultant. Lump Sum, and Lump Sum not to Exceed methods of compensation are the preferred methods of compensation. The Lump Sum or Lump Sum Not to Exceed Fees will be calculated utilizing the Wage Rates established in Schedule 2. Such Fee(s) will be subject to validation by the Town and the Town may request additional information to substantiate the Fee(s).

**C4.01-1 Lump Sum Fixed Fee:** must be the total amount of compensation to be paid to the Consultant for the Services performed on the Project, or phase or task of the Project or Work Order for Additional Services. Payments to the Consultant must be based on a percentage of completion basis.

**C4.01-2 Lump Sum Not to Exceed Fee** must establish the maximum amount of compensation to be paid to the Consultant for the Services performed on the Project as a whole, or a phase/task of the Project or Work Order issued for Additional Services. Payments to the Consultant must be based on the actual work effort required to complete the Project, phase or task.

**C4.01-3 Guaranteed Maximum Lump Sum:** must be the total maximum fee amount payable by Town wherein certain aspects, tasks or allowances may not be defined, quantified and calculated at the time of execution of the Agreement or Work Order issuance for Additional Services. A Guaranteed Maximum Lump Sum compensation may represent a combination of Fixed Fees for professional services and not to exceed allowances for Reimbursable Expenses or Additional Services.

**C4.01-4 Lump Sum Fee Adjustment:** Where the Town authorizes a substantial or material change in the Scope of Work, the Lump Sum Base Fee may be equitably adjusted by mutually consent of the parties, which must be reflected in an amendment to the Agreement.

#### ***C4.02 Hourly Rate Fees***

Hourly Rate Fees must be those rates for Consultant and Subconsultant employees identified in Schedule 2 Wage Rates. All hourly rate fees will include a maximum not to exceed figure, inclusive of all costs expressed in the contract documents. The Town must have no liability for any fee, cost or expense above this figure. The Town will have no liability for any fee, cost or expense above this figure except the addition of the multiplier, which is identified as the "Loaded Hourly Rate".

The Loaded Hourly Rate Fees will be used to quantify or calculate the complete nature, or aspects, tasks, man-hours, or milestones for a task, phase or Work Order for Additional Services. The Town may establish an allowance in a task, phase or Work Order for Additional Services that will serve as a Not to Exceed Fee for the Services to be performed on an Hourly Rate Basis.

Consultant must maintain records acceptable to the Town to track the hours of work performed by each person.

#### ***C4.03 Reimbursable Expenses***

Any fees for authorized reimbursable expenses must not include charges for any expenses identified in Article C3.03, Multiplier. All reimbursable services must be billed to the Town at direct cost expended by the Consultant. Town authorized reproductions in excess of sets required at each phase of the Work will be a Reimbursable Expense.

The Town will reimburse the Consultant for authorized Reimbursable Expenses pursuant to the limitations of this Agreement as verified by supporting documentation deemed appropriate by Town Manager or designee including, without limitation, detailed bills, itemized invoices and/or copies of cancelled checks.

Article C6 contains additional information on the payment of Reimbursable Expenses.

#### ***C4.04 Fees for Additive or Deductive Alternates***

The design of additive and deductive alternates contemplated as part of the original Scope for a Project as authorized by the Town Manager will be considered as part of Basic Services. The design of additive and deductive alternates that are beyond the original Scope of Work and construction budget must be authorized through a Work Order and must be billed to Town as Additional Services. The fees for alternates will be calculated by one of the three methods outlined above, as mutually agreed by the Town Manager and the Consultant.

#### ***C4.05 Fees for Additional Services***

The Consultant may be authorized to perform Additional Services for which additional compensation and/or Reimbursable Expenses, as defined in this Agreement under Sections C4.03 and C4.05 respectively, may be applicable.

##### ***C4.05-1 Determination of Fee***

The compensation for such services will be one of the methods described herein: mutually agreed upon Lump Sum; Hourly Rate with a Not to Exceed Limit, or Percentage of Construction Cost.

##### ***C4.05-2 Procedure and Compliance***

An independent and detailed Work Order or an Amendment to a previously issued Work Order must be required to be issued and signed by the Town Manager for each additional service requested by the Town. The Work Order will specify the fee for such service and upper limit of the fee, which must not be exceeded, and must comply with the Town's regulations, including the Purchasing Ordinance, the Consultant's Competitive Negotiation Act, and other applicable laws.

#### ***C4.06 Payment Exclusions***

Consultant must not be compensated by Town for revisions and/or modifications to drawings and specifications, for extended construction administration, or for other work when such work is due to errors or omissions of Consultant as reasonably determined by Town.

#### ***C4.07 Fees Resulting from Project Suspension***

If a Project is suspended for the convenience of the Town for more than three (3) months or terminated without any cause in whole or in part, during any Phase, the Consultant must be paid for services duly authorized, performed prior to such suspension or termination, together with the cost of authorized reimbursable services and expenses then due, and all appropriate, applicable, and documented expenses resulting from such suspension or termination. If the Project is resumed after having been suspended for more than three months, the Consultant's further compensation must be subject to renegotiations.

### **C5 PAYMENTS TO THE CONSULTANT**

#### ***C5.01 Payments Generally***

Payments for Basic Services may be requested monthly in proportion to Services performed during each Phase of the Work. Subconsultant fees and Reimbursable Expenses must be billed to the Town in the actual amount paid by Consultant. Consultant must utilize the Town standard Consultant Invoice Form that will be provided to the Consultant.

Payment will be made in accordance with Florida Statute Chapter 218, Part VII, Local Government Prompt Payment Act, after receipt of Consultant's invoice, after receipt of Consultant's invoice, which must be accompanied by sufficient supporting documentation and contain sufficient detail, to allow a proper audit of expenditures, should Town require one to be performed. If Consultant is entitled to reimbursement of travel expenses, then all bills for travel expenses must be submitted in accordance with Section 112.061, Florida Statutes. Consultant must submit all requests for payment using the Town's standard Consultant Invoice form.

#### ***C5.02 For Comprehensive Basic Services***

For those Projects and Work Orders containing multiple phases or task, payments must not exceed the amount stipulated for each phase and the aggregate payment must not exceed the total value of the Agreement.

#### ***C5.03 Billing – Hourly Rate***

Invoices submitted by Consultant must be sufficiently detailed and accompanied by supporting documentation to allow for proper audit of expenditures. When Services are authorized on an Hourly Rate basis, the Consultant must submit for approval by the Town Manager, a duly certified invoice, giving names, classification, salary rate per hour, hours worked and total charge for all personnel directly engaged on a Project, phase or task. Reimbursable Services Cost should then be added to the sum for the total charges for the personnel. The Consultant must attach to the invoice all supporting data for payments made to and incurred by Subconsultants engaged on the Project. In addition to the invoice, the Consultant must, for Hourly Rate authorizations, submit a progress report giving an update on the completion of the Project and/or the applicable phase or task.

## **C6 REIMBURSABLE EXPENSES**

### ***C6.01 General***
