SECTION A. NOTICE TO BIDDERS

ITB Name: Repair of Sidewalk Trip Hazards
ITB No.: 2018-40
Bids Due: 11:00 AM, September 4, 2018

Overview:

The Town of Miami Lakes (the "Town") will be accepting sealed Bids from qualified firms to provide sidewalk repair services ("Services"). The Town of Miami Lakes requires a licensed Contractor to inspect and repair sidewalk trip hazards in order to maintain the quality of the Town's sidewalks and limit the Town's liability for trip hazards. When the Town becomes aware of developing trip hazards, the Town will assess whether the damaged sidewalk flag is so extensive that it merits replacement of the whole flag, or if the flag can be salvaged through the process of sidewalk grinding. If the flag can be salvaged, the Town will utilize this Contract to repair trip hazards, returning the sidewalk flag to a safe condition.

Bidders are to submit one (1) original and two (2) physical copies of their Bid, with original signatures together with one (1) additional virtual copy of the Bid on a Flash Drive. Sealed Bids, including the Flash Drive must be received by the Town of Miami Lakes, Town Clerk at 6601 Main Street, Miami Lakes, Florida **no later than 11:00 AM on September 4, 2018**, at which time the Bids will be opened.

General Instructions:

Bidders must carefully review all the materials contained herein and prepare their Bids accordingly. The detailed requirements set forth below will be used to evaluate the Bids and failure of a Bidder to provide the information requested for a specific requirement may render their Bid non-responsive and will result in rejection.

Copies of the ITB will only be made available on Public Purchase and the Onvia DemandStar websites. Copies of the ITB, including all related documents, can be obtained by visiting Public Purchase at www.publicpurchase.com or at DemandStar's website at www.demandstar.com. It is strongly recommended that on either website, Bidders should register with the Town of Miami Lakes to receive notifications on changes to the solicitation documents.

1. Possess a minimum of five (5) years of experience performing sidewalk trip hazard repair projects;
2. Must provide at least three (3) verifiable client references for successful completion of three (3) distinct sidewalk repair contracts with other public agencies of similar scope and value performed within the last five (5) years; and
3. Possess a valid certified license as a General Contractor from the State of Florida, or a Certificate of Competency from the Miami-Dade County's Construction Trade Qualifying Board as a General Engineering Contractor or a Specialty Engineering Contractor.

The Town will consider a Bid as responsive where a Bidder has less than the stipulated minimum number of years of experience solely where the Bidder has undergone a name change and such change of name has been filed with the State of Florida.

Pursuant to subsection (t) "Cone of Silence" of Section 2-11.1 "Conflict of Interest and Code of Ethics Ordinance" of Miami Dade County, public notice is hereby given that a "Cone of Silence" is imposed concerning this solicitation. The "Cone of Silence" prohibits certain communications concerning the substance of RFP's, RFQ's or Bids, until such time as the Town Manager makes a written recommendation to the Town Council concerning the solicitation. **Any questions concerning the substance of this or any other solicitation advertised by the Town must be submitted in writing to procurement@miamilakes-fl.gov while the Cone of Silence is in effect. No other**

communications, oral or otherwise, will be accepted. Failure to comply with the Cone of Silence may result in the rejection of a Submittal. For additional information concerning the Cone of Silence please refer to Section 2-11.1 of Miami-Dade County Code.

All Bids must be typewritten or filled in with pen and ink and must be signed in blue ink by an officer or employee having authority to bind the

B2.02 PREPARATION OF BID

The Bid Form contains multiple line items and the Bidder must provide prices for all line items and must provide the price for the total Bid amount. Failure to include pricing on all line items as well as the total Bid Amount will result in the Bid being found non-responsive.

Bidder must use the blank Town forms provided herein. The Bid must be signed and acknowledged by the Bidder in accordance with the directions within this ITB. Failure to utilize or fully complete the Town's forms may result in a determination that the Bid is non-responsive.

A Bid will be considered non-responsive if it is conditioned on modifications, changes, or revisions to the terms and conditions or of the ITB.

All Bid prices are to include the furnishing of all labor, materials, equipment, all overhead/indirect expenses and profit, necessary for the completion of the Work, except as may be otherwise expressly provided for in the Contract Documents.

B2.03 ESTIMATED QUANTITIES

The quantities stated on the Bid Form are solely estimates of what the Town anticipates its needs are for the initial year of the Contract. The stated quantities do not reflect the actual quantities to be ordered and the Town has not established any minimum quantities and no guarantee is expressed or implied as to the total quantity of Work to be issued to a Contractor. The Town reserves the right, at its sole discretion, to make adjustment to the number and/or location of the Bid items. The failure of the Town to order any minimum quantities does not form any basis for a claim by the Contractor for lost work or profits.

B2.04 LINE ITEM QUANTITIES

The estimated quantities will be used solely for bid comparison purposes for the Town to determine the lowest responsive and responsible. No guarantee is expressed or implied as to the total quantity of Work to be issued to a Contractor.

B2.05 ADDITIONAL LINE ITEM PRICING

The Town reserves the right to request price quotes for additional items not contained in the initial award. Should the Town add any additional line items the Town will do so through the Change Order process.

B2.06 BID PREPARATION AND RELATED COSTS

All costs involved in the preparation and submission of a Bid to the Town or any work performed in connection therewith is the sole responsibility of the Bidder(s). No payment will be made for any Bid received, or for any other effort required of or made by the Bidder prior to commencement of Work as defined by any contract duly approved by the Town Council or Town Manager. The Town will bear no responsibility for any cost associated with any judicial proceedings resulting from the ITB process.

To qualify for award, Bidder must meet the minimum qualification requirements stated in Section A. Bidders must complete the attached Questionnaire Form and include

it with their Bid. Failure to complete and submit this form or to meet the minimum qualifications will result in the Bid being deemed non-responsive. The Town may at its sole discretion allow a Bidder to amend an incomplete Questionnaire during the evaluation process provided that the Bidder has included the Questionnaire in its Bid.

B2.09 EXAMINATION OF CONTRACT DOCUMENTS

It is the responsibility of each Bidder, before submitting a Bid in response to this ITB to:

- a. Carefully review the ITB, including any Addendum and notify the Town of any conflicts, errors or discrepancies.
- b. Take into account federal, state and local, including, without limitation, the Town's Code, and Miami-Dade County and the State of Florida's statutes laws, rules, regulations, and ordinances that may affect a Bidder's ability to perform the Work.
- c. Study and carefully correlate Contractor's observations with the requirements of the ITB.

The submission of a Bid in response to this solicitation constitutes an incontrovertible representation by Bidder that it will comply with the requirements of the Contract Documents and that without exception, the Bid is premised upon performing and furnishing the Work required under the Contract Documents and that the Contract Documents are sufficient in detail to indicate and convey understanding of all terms and conditions for the performance of the Work.

B2.10 INTERPRETATIONS AND CLARIFICATIONS

All questions about the meaning or intent of the ITB, must be directed in writing and submitted by e-mail to the Procurement Office, at procurement@miamilakes-fl.gov. Interpretation or clarifications considered necessary by the Town in response to such questions will be issued by means of an addendum. All addenda will be posted on the Town's website, www.miamilakes-fl.gov under Contractual Opportunities. It is the sole responsibility of the Bidder to obtain all addenda by visiting the Town's website. Written questions must be received no less than ten (10) days prior to bid opening. Only questions answered by written addenda will be binding. Verbal interpretation or clarifications will be without legal effect.

The Town reserves the right to postpone the date for receipt and opening of Bids and will make a reasonable effort to give at least five (5) calendar days' notice prior to the Bid opening date, of any such postponement to prospective Bidders. Any such postponement will be announced through the issuance of an addendum posted to the Town's website.

B2.12 ACCEPTANCE OR REJECTION OF BIDS

The Town reserves the right to reject any and all Bids, with or without cause, to waive technical errors and informalities, or to cancel or re-issue this solicitation. The Town also reserves the right to reject the Bid of any Bidder who has failed to previously perform under a contract or who is in arrears to the Town.

(i) Unbalanced Bids

The Town reserves the right to reject any Bid where the line item pricing is determined to be unbalanced. Such determination will be made at the sole discretion of the Town. An Unbalanced Bid price, which will be determined at the sole discretion of the Town, includes, but is not limited to, pricing that is not consistent with pricing in the industry or with market conditions and a comparison to the pricing submitted by other Bidders. An Unbalanced Bid typically occurs where the prices for one or more line items are too low a price to cover the actual cost to perform the Work (including overhead and profit) or too high a price where excessive profit will occur.

B2.13 WITHDRAWAL OF BID

Bidder warrants, by virtue of bidding, that its Bid and the prices quoted in its Bid are firm and irrevocable for acceptance by the Town for a period of one hundred twenty (120) calendar days from the date of the Bid submittal deadline. Bidder may change or withdraw its Bid prior to the Bid submittal deadline. All changes or withdrawals must be made in writing to the Town Clerk. Oral/Verbal modifications will not be valid. Once the Town makes an Award, the Bid cannot be withdrawn.

B2.14 OPENING OF BIDS

Bids will be publicly opened at the appointed time and place stated in the ITB and the names of the Bidders will be announced. The Town at its sole option may read the Bid prices. Late Bids will not be opened. Town staff is not responsible for the premature opening of a Bid if the Bid is not properly sealed, addressed and labeled. Bidders or their authorized agents are invited to be present at the Bid opening. Any additional information on the Bid Submittals will be made available in accordance with Florida Statute 119.071, Paragraph (b) of subsection (1), item 2, as amended. Review of the Bid Submittals by Town staff will determine the lowest responsive and responsible Bidder(s).

This ITB is subject to local preference under Section 13 of Town Ordinance 17-203. In order to qualify, Bidders seeking preference must submit the Local Vendor Preference Certification Form with all required supporting documentation. Where tie Bids still exist, the Award will be made to one of the Bidders at the sole discretion of the Town Manager.

B2.17 AWARD OF CONTRACT(S)

The Town anticipates awarding a contract to the lowest responsive and responsible Bidder(s) that is in the best interest of the Town.

The Town may require demonstration of competency and, at its sole discretion, conduct site visit(s) and inspections of the Bidder's place of business, require the Bidder to furnish documentation or require the Bidder to attend a meeting to determine the Bidder's qualifications and ability to meet the terms and conditions of this Contract. The Town will consider, but not be limited to, such factors as financial capability, labor force, equipment, experience, knowledge of the trade work to be performed, the quantity of Work being performed by the Contractor and past performance on Town and other contracts. In no case will the Award be made until all necessary investigations have been made into the responsibility of the Bidder and the Town is satisfied that the Bidder(s) is qualified to perform the Work.

B2.18 BID PROTEST PROCESS

Any Bidder wishing to file a protest as to the requirements or award of this ITB must do so in accordance with Town Ordinance 12-142, Section 16, which is available at <http://www.miamilakes-fl.gov>.

The Successful Bidder must, within fourteen (14) calendar days after receiving a Notice of Award, sign and deliver to the Town the Contract Execution and Certificate of Authority forms attached hereto.

B3 REQUIRED FORMS & AFFIDAVITS

B3.01 COLLUSION

Where two (2) or more related parties, as defined in this Article, each submit a response to an ITB, such submissions will be presumed to be collusive. The foregoing presumption may be rebutted by the presentation of evidence as to the extent of ownership, control and management of such related parties in preparation and submission under such ITB. Related parties means employees, officers or the principals thereof which have a direct or indirect ownership interest in another firm or in which a parent company or the principals thereof of one Bidder have a direct or indirect ownership interest in another Bidder for the same project. ITB responses found to be collusive will be rejected. Bids must be developed independently. Town employees may not contract with the Town through any corporation, or business entity in which they or their immediate family members hold a controlling financial interest (e.g. ownership of five (5) percent or more). Immediate family members, including spouse, parents, and children are also prohibited from contracting with the Town without the prior approval of the Town Council.

Miami-Dade County Ordinance 2-11.1, Conflict of Interest & Code of Ethics ordinance or the provisions of Chapter 112, Part III, Fla. Stat., Code of Ethics for Public Officers and Employees, as applicable and as amended are hereby included into and made a part of this solicitation.

B3.04 PUBLIC RECORDS AFFIDAVIT

The Town shall comply with the Public Records Law as provided by Chapter 119, Florida Statutes, and all applicable amendments. Applicants must invoke the exemptions to disclosure provided by law in the response to the solicitation and must identify the data or other materials to be protected by separate envelope and must state the reasons why such exclusion from public disclosure is necessary. The submission of a response authorizes release of your firm's credit data to the Town.

All prospective Bidders must complete and submit the Compliance with Public Records Law affidavit with their Bid. Failure to submit the completed affidavit may result in the Bid being deemed non-responsive. Bidders, by submitting the Compliance with Public Records Law affidavit, specifically acknowledge their obligation to comply with Section 119.0701, Florida Statutes.

B3.05 PUBLIC ENTITY CRIMES ACT

In accordance with the Public Entity Crimes Act, (Section 287.133, Florida Statutes) a person or affiliate who is a contractor, who had been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to the Town, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public

C4 CONTRACT MODIFICATION AND DISPUTE PROCESS

C4.01 CHANGE ORDERS

Without invalidating the Contract Documents, and without notice to any Surety, the Town reserves the right to make increases, decreases or other changes in the character or quantity of the Work under the Contract Documents as may be considered necessary or desirable to complete the Work in a manner satisfactory to the Town. The Town reserves the right to order changes which may result in additions to or reductions from the amount, type or value of the Work shown in the Contract, and which are within the general scope of the Contract Documents, and all such changes will be authorized only by a Change Order approved in advance and issued in accordance with provisions of the Town.

The Contractor is required to provide the Project Manager with a detailed Change Proposal Request ("CPR") or Request for Change Order ("RCO"), utilizing the Town's standard form, which must include requested revisions to the Contract, including but not limited to adjustments in this Contract Price and Contract Time. The Contractor is required to provide sufficient data in support of the cost proposal demonstrating its reasonableness. In furtherance of this obligation, the Town may require that the Contractor submit any or all of the following: a cost breakdown of material costs, labor costs, labor rates by trade, and Work classification and overhead rates in support of Contractor's CPR/RCO. The Contractor's CPR/RCO must include any schedule revisions and an explanation of the cost and schedule impact of the proposed change on the Project. If the Contractor fails to notify the Project Manager of any schedule changes associated with the proposed change, it will be deemed to be an acknowledgment by Contractor that the proposed work will not have any scheduling consequences.

Any changes to the Contract must be contained in a written Change order, using the Town's Change Order Form, executed by the both parties. However, under circumstances determined necessary by the Town, a Change Order may be issued unilaterally by Town.

In the event a satisfactory adjustment cannot be reached, and a Change Order has not been issued or time is of the essence, the Town reserves the right, at its sole option to direct the Contractor to proceed on a time and materials basis or make such arrangements as may be deemed necessary to complete the proposed additional Work.

Where the Town directs the Contractor to proceed on a time and materials basis, Contractor must maintain detailed records of all labor and material costs for review by the Town.

For all Change Orders the Contractor will be entitled to a combined profit and overhead rate for Change Orders that will not be in excess of ten (10%) percent inclusive of all direct/indirect costs including labor, material, and equipment costs, unless the Procurement Manager determines that the complexity and risk of the Change Order work is such that an additional factor is appropriate.

The final amount to be paid to the Contractor for Change Order Work is subject to negotiation between the Town and the Contractor.

Failure by the Contractor to proceed with Change Order Work when so directed by the Town Manager or designee may result in the Contractor being found in default of the Contract.

Contractor must utilize the Town's standard requests for change orders and change order forms unless otherwise specifically approved by the Town's Procurement Manager. The Town's Forms are available on the Town's website.

C4.02 FORCE MAJEURE

Should any failure to perform on the part of Contractor be due to a condition of Force Majeure as that term is interpreted under Florida law, then, the Town may allow an extension of time reasonably commensurate with the cause of such failure to perform or cure.

If the Contractor is delayed in performing any obligation under the Contract Documents due to a force majeure condition, the Contractor must request a time extension from the Town within two (2) working days of said Force Majeure occurrence. Any time extension will be subject to mutual agreement and will not be cause for any claim by the Contractor for extra compensation unless additional services are required by the Town. A Force Majeure event **does not include** inclement weather except for significant weather events that adversely impact the critical path of the Project Schedule, if required, or completion of the work, and **does not include** the acts or omissions of Subcontractors or suppliers.

C4.03 EXTENSION OF TIME

Any reference in this Article to the Contractor will be deemed to include suppliers, and permitted Subcontractors, whether or not in privity of contract with the Contractor for the purpose of this Article.

If the Contractor is delayed at any time during the progress of the Work beyond the time frame or date provided for Final Completion by the neglect or failure of the Town or by a Force Majeure, then the Contract Time set forth in the Contract will be extended by the Town subject to the following conditions:

1. The cause of the delay arises after issuance of the NTP and could not have been anticipated by the Contractor by reasonable investigation before proceeding with the Work;
2. The Contractor demonstrates that the completion of the Work will be actually and necessarily delayed;
3. The effect of such cause cannot be avoided or mitigated by the exercise of all reasonable precautions, efforts and measures whether before or after the occurrence of the cause of delay.

A delay meeting all the conditions of the above, will be deemed an Excusable Delay.

The Town reserves the right to rescind or shorten any extension previously granted if subsequently, the Project Manager determines that any information provided by the Contractor in support of a request for an extension of time was erroneous; provided however, that such information or facts, if known,

would have resulted in a denial of the request for an Excusable Delay. Notwithstanding the above, the Project Manager will not rescind or shorten any extension previously granted if the Contractor acted in reliance upon the granting of such extension and such extension was based on information which, although later found to have been erroneous, was submitted in good faith by the Contractor.

The request for an Excusable Delay must be made within five (5) calendar days after the time when the Contractor knows or should have known of any cause for a specific event, for which it may claim an extension of time and must provide any actual or potential basis for an extension of time, identifying such causes and describing, as fully as practicable at that time, the nature and expected duration of the delay and its effect on the completion of that part of the Work identified in the request. The Project Manager may require the Contractor to furnish such additional information or documentation, as the Project Manager will reasonably deem necessary or helpful in considering the requested extension.

The Contractor will not be entitled to an extension of time unless the Contractor affirmatively demonstrates that it is entitled to such extension.

The Project Manager will endeavor to review and respond to the Contractor's request for Excusable Delays in a reasonable period of time; however, the Contractor is obligated to continue to perform the Work required regardless of whether the Project Manager has issued a decision or whether the Contractor agrees or disagrees with that decision.

With regard to an injunction, strike or interference of public origin which may delay the Project, the Contractor must promptly give the Project Manager a copy of the injunction or other orders and copies of the papers upon which the same was granted. The Town must be afforded the right to intervene and become a party to any suit or proceeding in which any such injunction has been obtained and move to dissolve the same or otherwise, as the Town may deem proper.

Where the Contractor is delayed for any period of time by two or more of the causes mentioned in Article C4.04, Excusable Delay, Non-Compensable, the Contractor will not be entitled to a separate extension for each one of the causes, only one period of extension will be granted for the delay.

Any extension of time granted by the Town will be processed through the Change Order provisions of the Contract.

The permitting of the Contractor to proceed with the Work subsequent to the date specified in the Contract (as such date may have been extended by a change order), the making of any payment to the Contractor, the issuance of any Change Order, will not waive the Town's rights under the Contract, including but not limited to the assessment of liquidated damages or declaring Contractor in default.

C4.04 EXCUSABLE DELAY, NON-COMPENSABLE

Excusable Delay is delay caused by either of the following: (i) circumstances that could not be foreseen and are beyond the reasonable control of Contractor, its subcontractors, or suppliers; or (ii) joint or concurrent action by Contractor, its subcontractors, suppliers or vendors and the Town. Then Contractor will be entitled only to a time extension and no compensation for the delay.

Contractor is entitled to a time extension of the Contract time for each day the Work is delayed due to Excusable Delay. Contractor must document its claim for any time extension as provided in Article C4.05.

Failure of Contractor to comply with Article C4.05, as to any particular event of delay will be deemed conclusively to constitute a waiver, abandonment or relinquishment of any and all claims resulting from that particular event of delay.

C4.05 CLAIMS

Contractor will only be entitled to submit a claim after submitting its request for additional compensation or time in accordance with Articles C4.03 and C4.04 of the Contract and the request(s) have been denied or the Contractor does not agree with the decision of the Town.

Any claim for a change in the Contract time for completion of any Work, the Contract Term, or Contract price must be made by written notice by Contractor to the Town representatives identified in Article C1.26 within the timeframe established in Article C4.04, effective with the commencement of the event giving rise to the claim stating the general nature and cause of the claim. Thereafter, within twenty (20) calendar days of the termination of the event giving rise to the claim, written notice of the extent of the claim with supporting information and documentation must be provided unless the Procurement Manager allows an additional period of time to ascertain more accurate data in support of the claim. The written notice must be accompanied by Contractor's written notarized statement that the adjustment(s) claimed is the entire adjustment to which the Contractor has reason to believe it is entitled as a result of the occurrence of said event. All claims and disputes will be determined in accordance with the Contract. It is expressly and specifically agreed that any and all claims for changes to the Contract will be waived if not submitted in strict accordance with the requirements of this Article.

The Town may require the Contractor to submit its claim utilizing a specific format or forms to facilitate the Town's evaluation of the claim. The Town at its sole discretion may require that additional documentation or information be provided by the Contractor to assist in its review and evaluation of the claim.

The Contract time will be extended in an amount equal to time lost on critical Work items due to delays beyond the control of and through no fault or negligence of Contractor if a claim is made as provided in this Article. Such delays include, but are not limited to, acts or neglect by any separate contractor employed by Town, fires, floods, labor disputes beyond the control of the Contractor, epidemics, abnormal weather conditions (if applicable), or acts of God.

The Contractor will not be entitled to an increase in the Contract price or payment or compensation of any kind from the Town for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be it reasonable or unreasonable, foreseeable or unforeseeable, avoidable or unavoidable. Contractor will only be entitled to an extension of the Contract Time for completion of the Work, as the sole and exclusive remedy for such resulting excusable delay.

The Contractor agrees to make no claim for damages for delay of any kind in the performance of the Contract Documents whether occasioned by any act or omission of the Town or any of its representatives and the Contractor agrees that any such claim will be compensated solely by an extension of time to complete performance of the Work due to an Excusable Delay as defined in Articles C4.03, and Article C4.04. The Contractor alone specifically assumes the risk of such delays, including, without limitation: delays in processing or approving any submittals to the Town or by the Town, or the failure to render determinations, approvals, replies, inspections, in a timely manner. Contractor will not receive monetary compensation for Town delay(s).

Failure of Contractor to comply with this Article as to any particular event of claim will be deemed conclusively to constitute a waiver of any and all claims resulting from that particular event.

C4.06 CONTINUING THE WORK

Contractor must continue to perform all Work under the Contract Documents during all disputes or disagreements with Town, including disputes or disagreements concerning a request for a Change Order and no Work must not be delayed or postponed pending resolution of any disputes or disagreements.

C4.07 FRAUD AND MISREPRESENTATION

The Town may terminate this Contract or any other contracts with the Town with any person, individual, corporation, entity, or affiliate that attempts to meet its contractual obligations with the Town through fraud, misrepresentation or material misstatement. Such person, individual, corporation, entity, or affiliate will be responsible for all direct or indirect costs associated with termination or cancellation.

C4.08 STOP WORK ORDER

The Town may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the Work for a period of up to ninety (90) days (or any lesser period), commencing no sooner than the date the order is delivered to the Contractor, and for any further period to which the parties may agree. Any such order will be specifically identified as a "Stop Work Order" issued pursuant to this paragraph. Within the period of ninety (90) days (or the lesser period specified) after a Stop Work Order is delivered to the Contractor, or within any extension to which the parties have agreed the Town will either:

1. Cancel the Stop Work Order; or
2. Terminate the Work covered by such order as provided in Article C5.03, Termination for Convenience.

If a Stop Work Order issued under this Article is canceled or the period of the order or any extension thereof expires, the Contractor must resume the Work without compensation to the Contractor for such suspension other than extending the time to complete any Work under the Contract or extending the Contract Term to the extent that, in the opinion of the Project Manager, the Contractor may have been delayed by such suspension. In the event the Project Manger determines that the suspension of Work was necessary due to Contractor's defective or incorrect Work, unsafe Work conditions caused by the Contractor, or any other reason caused by Contractor's fault or omission, the Contractor will not be entitled to an extension of time or Contract Term or (Time) as a result of the issuance of a Stop Work Order.

Suspension of the Work caused by a threatened or actual storm event, regardless of whether the Town has directed such suspension, will entitle the Contractor to additional Contract time as non-compensable, Excusable Delay, and will not give rise to a claim for compensable delay.

C4.09 MATERIALITY AND WAIVER OF BREACH

Town and Contractor agree that each requirement, duty, and obligation set forth in the Contract Documents is substantial and important to the formation of the Contract Documents and, therefore, is a material term hereof. The Town's failure to enforce any provision of the Contract Documents will not be deemed a waiver of such provision or modification of the Contract Documents. A waiver of any breach of a provision of the Contract Documents will not be deemed a waiver of any subsequent breach and will not be construed to be a modification of the terms of the Contract Documents.

C4.10 TIME IN WHICH TO BRING ACTION AGAINST THE TOWN

In the event the Contractor may be deemed to have a cause of action against the Town, no action will lie or be maintained by the Contractor against the Town upon any claim arising out of or based upon the Contract Documents by reason of any act or omission or requirement of the Town or its agents, unless such action is commenced within six (6) months after the date of issuance of a final payment under the Contract, or if the Contract is terminated under the provisions of the Contract, unless such action is commenced within six (6) months after the date of such termination by the Town.

C4.11 CONTRACT EXTENSION

The Town reserves the right to extend the contract past the then-current term, including any exercised options to renew, for a period of up to ninety (90) days while the Town prepares a new contract for

solicitation. Additional extensions beyond the initial 90 days may occur as-needed by the Town and as mutually agreed upon by the Town and the Contractor until the Town is able to award a new contract. In such event, the Town will notify the Contractor in writing of such extensions.

C5 EARLY TERMINATION & DEFAULT

C5.01 SET-OFFS, WITHOLDING, AND DEDUCTIONS

The Town may set-off, deduct or withhold from any payment due the Contractor, such sums as may be specifically allowed in the Contract or by applicable law including, without limitation, the following:

The Town is under no obligation to issue such notification. The Town may grant an extension to the cure period if the Town deems it appropriate and in the best interest of the Town, without waiver of any of the Town's rights hereunder. The Town, at its sole discretion, may have a default corrected by its own forces or another contractor and any such costs incurred will be deducted from any sums due the Contractor under any contract with the Town.

The Town Manager or designee may also suspend any payment or part thereof or order a Work stoppage until such time as the issue(s) concerning compliance are resolved.

c. *Termination for Default*

Where a Default is not cured within the time specified to cure the Default, the Town Manager in addition to all remedies available by law, may immediately, upon written notice to Contractor, terminate this Contract. Contractor understands and agrees that termination of this Contract under this Article will not release Contractor from any obligation accruing prior to the effective date of termination.

In the event of termination by the Town Manager or designee, the Town Manager or designee may immediately take possession of all applicable documentation and data, material, equipment, and supplies to which it is entitled to under the Contract or by law.

Where the Town erroneously terminates the Contract for default, the terminations will be converted to a Termination for Convenience, and the Contractor will have no further recourse of any nature for wrongful termination.

C5.03 TERMINATION FOR CONVENIENCE

In addition to cancellation or termination as otherwise provided for in the Contract, the Town may at any time, in its sole discretion, with or without cause, terminate the Contract by written notice to the Contractor. 1. Take such action as may be necessary for the protection and preservation of the Town's materials and property;
2. Cancel all cancelable orders for materials and equipment;
3. Remove all materials, supplies or equipment that may be used by the Contractor on other work;
4. Assign to the Town and deliver to the Town, at a site(s) specified by the Town, any non-cancelable orders for materials and equipment that can not otherwise be used by the Contractor on other work;

6. All documents, including electronic documents, related to Work authorized under the Contract, whether finished or not, must be turned over to the Town. Failure to timely deliver the documentation will be cause to withhold any payments due without recourse by Contractor until all documentation is delivered to the Town.

In the event that the Town exercises its right to terminate the Contract pursuant to the Contract Documents, the Town will pay the Contractor for the actual cost, or the fair and reasonable value, as substantiated by invoice documentation, of any non-cancelable material(s) and equipment that cannot be used elsewhere by the Contractor in the performance of its work.

In no event, will any payments under this Paragraph exceed the maximum cost set forth in the Contract and the amount due hereunder may be offset by payments made to the Contractor or any claims made against the Contractor. Contractor will not be entitled to lost profits, overhead or consequential damages as a result of a Termination for Convenience.

C5.04 REMEDIES AVAILABLE TO THE TOWN

The Town may avail itself of each and every remedy stated in the Contract Documents or existing at law or in equity. The exercise or the beginning of the exercise, of one remedy will not be deemed a waiver of the right to exercise, at the same time or thereafter, of any other remedy.

C5.05 FUNDS AVAILABILITY

Based on the criteria established by the Town, the Contractor shall visually inspect, pre-identify, measure, and record sidewalk trip hazards suitable for repairs throughout the project area. The Contractor shall identify and record sections of sidewalk that meet Town criteria for slab removal and replacement throughout the project area. After the inspection is complete, and upon approval of the Town, the Contractor shall repair sidewalk trip hazards identified in order to achieve a contiguous level surface between slabs. The Contractor must furnish all labor, materials, equipment, and supervision required for the inspection of sidewalks and repair of sidewalk trip hazards.

D1.01 SURVEY SPECIFICATIONS

The Contractor shall note any slab with a displacement of greater than 2" and provide a report of such locations to the Town for replacement. During the survey, each identified location shall be assigned and marked with a site number. This number shall also be used to reference each site on the report. After the survey is complete, a report shall be submitted to the Town for review and approval before any work is to commence. The report shall include:

- A list of all identified displacements categorized by site number, address, size of displacement, and estimated cost of repair for each location.
- A list of all identified slabs with displacement in excess of 2" or meeting Town criteria for slab removal and replacement. Note these locations for the Town to consider for removal and replacement and provide a report with site number, address, GPS coordinates, and dimensions (ft) of slab replacement for each location.
- A total number of trip hazards to be addressed and remedied.
- A map with all identified site numbers included in the survey, as well as a KML file of the locations for Town use.

D1.02 CONCRETE CUTTING SPECIFICATIONS

Any dust created by the repair process must be damped with water or immediately consumed by a vacuum system. If dust is remediated with water, any and all debris or slurry created as a result of

the process must be cleaned the same day. Slurry must be immediately contained and will not be permitted to stand on the sidewalk or run into the parkway or residential property.

- The Contractor shall take precautions during repair operations to not disfigure, scar, impair, or damage any surrounding surfaces including, but not limited to, sidewalk, driveway, roadway, steps, walls, railings, light poles, turf, or any public or private installations such as trees, irrigation, sprinkler heads, electric fences, etc.

This list should include the survey site number, address, size of displacement, and final cost of repair for each location, as well as the total number of trip hazards remedied.

D1.04 METHOD OF MEASUREMENT

Repairs of sidewalks will be measured for payment in inch-feet of sidewalk repaired. The cost of cleaning each worksite shall be included in the priced indicated on the Bid Form. The quantity of sidewalk repair will be determined by multiplying the average sidewalk vertical separation height by the length of repair along the joint on each vertical separation in inch-feet. The Contractor is required to record and submit, with each invoice, the exact dimensions of each vertical separation removed per location. Depth shall be measured to the nearest 1/8 inch.

D1.05 LOCATION OF WORK

Contractor is required to provide the Project Manager a copy of the manufacturer's warranty prior to the Town issuing final payment. Manufacturer's warranties will become effective upon Final Acceptance of the Project.

All warranties, expressed and/or implied, must be provided to the Town for material and equipment covered by the Contract Documents. All material and equipment furnished must be fully guaranteed by the Contractor against factory defects and workmanship. At no expense to the Town, the Contractor must correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty. The Contract Documents may supersede the manufacturer's standard warranty. Manufacturer's warranties will become effective upon Final Acceptance of the Project.

The per diem amount to be paid in liquidated damages shall be stated in each Work Order as applicable. The Contractor will be notified of any exceptions. The total amount of liquidated damages will not exceed the value of the Work Order.

The Town has the right to deduct liquidated damages assessments from any payment due or which may thereafter become due to the Contractor under any contract the Contractor has with the Town. In case the amount available under contracts the Contractor has with the Town is less than the amount of liquidated damages due the Town, the Contractor must pay the difference upon demand by the Town. Should the Contractor fail to compensate the Town for any liquidated damages, the Town will consider this as a form of indebtedness and may deny any future Work under the Contract or any other Town contract until such indebtedness is paid in full to the Town.

The Town will notify the Contractor in writing that it is incurring liquidated damages.

Compliance with any specific severe weather event or alert precautions will not constitute additional work.

Suspension of the Work caused by a threatened or actual storm event, regardless of whether the Town has directed such suspension, will entitle the Contractor to additional Contract time as non-compensable, Excusable Delay, and will not give rise to a claim for compensable delay.

D15 PROJECT SITE FACILITIES

Before submission of the Final Certificate for Payment, Contractor must deliver to the Project Manager a final release of all liens arising out of the Contract Documents, receipts in full in lieu thereof; an affidavit certifying that all suppliers and subcontractors have been paid in full and that all other indebtedness connected with the Work has been paid, and a consent of the surety to issue final payment; the final corrected as-built drawings; operations and maintenance data, contractor's and manufacturer's warranties, and the final bill of materials, if required, and any other required documents.

If, after the Work has been substantially completed, full completion thereof is materially delayed through no fault of Contractor, and Project Manager so certifies, Town may, upon such certification, and without terminating the Contract Documents, make payment of the balance due for that portion of the Work fully completed and accepted. Such payment will be made under the terms and conditions governing final payment, except that it will not constitute a waiver of claims.

The acceptance of final payment will constitute a waiver of all claims by Contractor, except those previously made in strict accordance with the provisions of the Contract and identified by Contractor as unsettled at the time of the application for final payment.

D18 DEFECTIVE OR NON-COMPLIANT WORK

The Project Manager has the authority to reject or disapprove Work that is found to be defective or not in compliance with the requirements of the Contract. If required, the Contractor will promptly either correct all defective or non-compliant Work or remove such defective Work and replace it with non-defective/non-compliant Work. Contractor will bear all direct, indirect and consequential costs of such removal or corrections.

If such Work is found to be in accordance with the Contract Documents, the Town will pay the cost of reexamination and replacement by means of a Change Order. If such Work is not in accordance with the Contract Documents, Contractor will pay such cost.

Should Contractor fail or refuse to remove or correct any defective or non-compliant Work or to make any necessary repairs in accordance with the requirements of the Contract Documents within the time indicated in writing by the Project Manager, the Project Manager has the authority to cause the defective/non-compliant Work to be removed or corrected, or make such repairs or corrections as may be necessary at Contractor's expense. Any expense incurred by the Town in making such removals, corrections or repairs, will be paid for out of any monies due or which may become due the Contractor. In the event of failure of the Contractor to make all necessary repairs promptly and fully, the Town Manager or designee may declare the Contractor in default.

If, within the warranty period required by the Contract Documents, or by any specific provision of the Contract, any of the Work is found to be defective or not in accordance with the Contract Documents, Contractor, after receipt of written notice from Town, must promptly correct such defective or nonconforming Work within the time specified by Town, without cost to Town. Should the Contractor fail to take such action the Town may take any necessary and appropriate action and hold the Contractor

liable and responsible for all costs. The Town may take any action allowed under this Contract or in law to recover all such costs. Nothing contained herein will be construed to establish a period of limitation with respect to any other obligation which Contractor might have under the Contract Documents, including but not limited to, any claim regarding latent defects.

Failure to reject any defective Work or material does not, in any way, prevent later rejection when such defect is discovered, or obligate the Town to accept the defective Work.

D19 UTILITIES

D19.01 PROTECTION OF PROPERTY, UTILITIES, AND THE PUBLIC

The Contractor must continuously maintain adequate protection of all its Work from all losses or damage and must protect public and private property, and utilities from injury or loss arising in connection with the Work, and take all necessary precautions to prevent accidents, injuries, or damage to persons or property on or near the Work.

Contractor is solely responsible to restore all areas impacted by the Work, including but not limited to swale areas, existing structures, driveways and approaches, landscaping, drainage, and lighting to pre-existing conditions to the satisfaction of the Project Manager.

D19.02 CONTRACTOR'S RESPONSIBILITY FOR UTILITY PROPERTIES AND SERVICE

Where the Contractor's operations could cause damage or inconvenience to telephone, fiber optic, television, electrical power, oil, gas, water, sewer, or irrigation systems, the Contractor must make all arrangements necessary for the protection of these utilities and services or any other known utilities.

Notify all utility companies that are affected by the Work at least forty-eight (48) hours in advance. Under no circumstance expose any utility without first obtaining permission from the appropriate agency. Once permission has been granted, locate, expose, and provide temporary support for all existing underground utilities and utility poles where necessary.

The Contractor and its Subcontractors will be solely and directly responsible to the owner and operators of such properties for any damage, injury, expense, loss, inconvenience, delay, suits, actions, or claims of any character brought because of any injuries or damage which may result from the construction operations under the Contract Documents.

Neither the Town nor its officers or agents will be responsible to the Contractor for damages as a result of the Contractor's failure to protect property encountered in the Work.

In the event of interruption to domestic water, sewer, storm drain, or other utility services as a result of accidental breakage due to construction operations, Contractor must promptly notify the owner, any required regulatory authority, and the Project Manager. Cooperate with said authority in restoration of service as promptly as possible and bear all costs of repair and any required interim measures to ensure safety. In no event will interruption of any utility service be allowed unless granted by the owner of the utility.

In the event water service lines that interfere with trenching are encountered, the Contractor may, by obtaining prior approval of the water utility, cut the service, dig through, and restore the service with similar and equal materials at the Contractor's expense and as approved by the Project Manager.

Replace, with material approved by the Project Manager or Consultant, at Contractor's expense, any and all other laterals, existing utilities or structures removed or damaged during construction, unless otherwise provided for in the Contract Documents and as approved by the Project Manager or Consultant.

Replace with material approved by the Project Manager or Consultant, at Contractor's expense, any existing utilities damaged during the Work.

D19.03 ACCESS TO WATER AND UTILITIES

The Contractor is responsible for providing all water and power that may be required for the performance of the Work, including the use of a generator. The use of a generator may be subject to the prior approval of the Town's representative should the Work be in a primarily residential neighborhood.

The Town may at its sole discretion provide access to Town utilities and/or water should such be available at the Work site. However, the Contractor is responsible to ascertain the location and accessibility of utilities and potable water sources required for the Work.

D20 COORDINATION OF THE WORK

Prior to the commencement of the Work under the Contract, the Project Manager will make every effort, based on available information, to notify the Contractor of any ongoing or scheduled project(s) that will be ongoing or commence during the Work on a Project that may require coordination. The Contractor will be solely responsible for coordinating the Work with any other project(s) to minimize any potential adverse impact. Contractor will not be entitled to any days of delay for failure to properly coordinate the Work. The Project Manager may assist the Contractor in coordinating the Work. However, any such assistance, or lack thereof will not form the basis for any claim for delay or increased cost.

If any part of Contractor's Work depends for proper execution or results upon the work of any other persons, Contractor must inspect and promptly report to Project Manager any defects in such work that render it unsuitable for such proper execution and results. Contractor's failure to so inspect and report will constitute an acceptance of the other person's work as fit and proper for the reception of Contractor's Work, except as to defects which may develop in other contractor's work after the execution of Contractor's Work.

Contractor must conduct its operations and take all reasonable steps to coordinate the prosecution of the Work so as to create no interference or impact on any other contractor on the site. Should such interference or impact occur, Contractor will be liable to the affected contractor for the cost of such interference or impact.

To ensure the proper execution of subsequent Work, Contractor must inspect the Work already in place and must at once report to Project Manager any discrepancy between the executed Work and the requirements of the Contract Documents.

D21 CLEANING UP; TOWN'S RIGHT TO CLEAN UP

Contractor must, at all times, keep the Work site(s) free from accumulation of excess materials, waste materials or rubbish caused by its operations. At the completion of Work at a work site(s), Contractor must remove all its excess materials, waste materials and rubbish from and about the Project(s) as well as any tools, equipment, machinery and surplus materials or supplies. If Contractor fails to clean up during the performance of the Work or at the completion of the Work, Town may do so and the cost incurred will be charged to the Contractor. Any combustible waste materials must be removed from the work site(s) at the end of each day. Any paved areas including curbs and sidewalks which have been strewn with soil, sod waste, fertilizer or other waste must be thoroughly swept. The Town is not required to supply areas or facilities for storage or removal of waste on-site.

Should the Contractor leave any open trenches at any time that Work is not being performed, the Town may have the open trenches covered and deduct any cost incurred from any outstanding payments due or to become due to the Contractor. The Town may also invoice the Contractor for all costs incurred in mitigating any open trenches.

D22 METHOD OF PERFORMING THE WORK

The apparent silence of the Contract Documents as to any detail, or the apparent omission from them of a detailed description concerning any Work to be done and materials to be furnished, will be regarded as meaning that only the best general practice is to prevail and that only material and workmanship of the best quality is to be used, and interpretation of the Contract Documents will be made upon that basis.

The Contractor must comply with the manufacturer's requirements for the handling, delivery and storage of all equipment and materials. Contractor must inspect all equipment and materials immediately prior to installation and must not install any damaged or defective items.

The Contractor must familiarize itself with normal Town operations where the Work is to be performed so that it can conduct the Work in the best possible manner to the complete satisfaction of the Project Manager.

The Work to be performed must be done in such a manner so as not to interfere with the normal Town operations. The manner in which the Work is performed will be subject to the approval of the Project Manager, whom if necessary, will have the authority to require changes in the manner in which the Work is performed. There must be no obstruction of Town services without the prior written approval of the Project Manager. All requests for such interruption or obstruction must be given in writing to the Project Manager twenty-four (24) hours in advance of the interruption of Town operations.

If the Project Manager or Consultant reasonably determines the rate of progress of the Work is not such as to ensure its completion within the designated completion time, or if, in the opinion of the Project Manager, the Contractor is not proceeding with the Work diligently or expeditiously or is not performing all or any part of the Work according to the Project schedule accepted by or determined by the Project Manager, the Project Manager will have the right to order the Contractor to do either or both of the following: (1) improve its work force; and/or (2) improve its performance in accordance with the schedule to ensure completion of the Project within the specified time. The Contractor must immediately comply with such orders at no additional cost to the Town. (3) The Town at its sole option may also have Work performed by a third-party contractor and deduct such cost from any monies due the Contractor.

Where materials are transported in the performance of the Work, vehicles must not be loaded beyond the capacity recommended by the vehicle manufacturer or permitted by Federal, State or local law(s). When it is necessary to cross curbing or sidewalks, protection against damage must be provided by the Contractor and any damaged curbing, drainage, grass areas, sidewalks or other areas must be repaired at the expense of the Contractor to the satisfaction of the Project Manager.

Contractor is responsible to control dust and prevent it from becoming a public nuisance or causing off-site damage. Contractor must take all necessary and prudent measure to control dust.

Depending on the nature of the Work the Project Manager may require a staging plan be submitted to and approved by the Project Manager prior to the start of construction and issuance of the Notice to Proceed. Such staging plan must be revised and resubmitted as necessary during construction.

SECTION 287.133(3)(a), FLORIDA STATUTES

whose business address is:

and (if applicable) its Federal Employer Identification Number (FEIN) is 56-2520955

(If the entity has no FEIN, include the Social Security Number of the individual

signing this sworn statement: _____)

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(9g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or the United States, including, but not limited to, any bid or contract for goods and services to be provided to any public entity or an agency or political subdivision of any other state or of the United States involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

- a. A predecessor or successor of a person convicted of a public entity crime; or
- b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime.

The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who

has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an entity.

6. Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. **[Indicate which statement applies.]**

Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

This entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. **[attach a copy of the final order]**

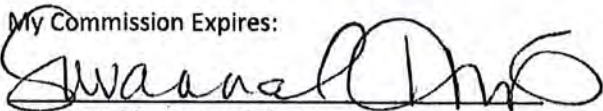

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO

UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

BEFORE ME, the undersigned authority, personally appeared Steven Dankus to me well known and known by me to be the person described herein and who executed the foregoing Affidavit and acknowledged to and before me that Steven Dankus executed said Affidavit for the purpose therein expressed.

COMPLIANCE WITH PUBLIC RECORDS LAW

The Town of Miami Lakes shall comply with the Public Records Law as provided by Chapter 119, Florida Statutes, and all applicable amendments. Applicants must invoke the exemptions to disclosure provided by law in the response to the solicitation and must identify the data or other materials to be protected by separate envelope, and must state the reasons why such exclusion from public disclosure is necessary. The submission of a response authorizes release of your firm's credit data to the Town of Miami Lakes.

If the company submits information exempt from public disclosure, the company must identify with specificity which pages/paragraphs of their submittal/proposal package are exempt from the Public Records Act, identifying the specific exemption section that applies to each. The protected information must be submitted to the Town in a separate envelope marked "EXEMPT FROM PUBLIC RECORDS LAW". Failure to identify protected material via a separately marked envelopment will cause the Town to release this information in accordance with the Public Records Law despite any markings on individual pages of your submittal/proposal.

- (a) CONTRACTOR acknowledges TOWN'S obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that TOWN is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and that said statute controls over the terms of this Agreement.
- (b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:
 - 1. Keep and maintain public records that ordinarily and necessarily would be required by TOWN in order to perform the services required under this Agreement;
 - 2. Provide the public with access to public records on the same terms and conditions that TOWN would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
 - 3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law; and
 - 4. Meet all requirements for retaining public records and transfer, at no cost to the TOWN, all public records in possession of CONTRACTOR upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to TOWN in a format that is compatible with the information technology system of TOWN.
- (c) Failure to comply with this Section shall be deemed a material breach of this Contract for which TOWN may terminate this Agreement immediately upon written notice to CONTRACTOR.

By submitting a response to this solicitation, the company agrees to defend the Town in the event we are forced to litigate the public records status of the company's documents.

- J. Florida Sidewalk Solutions's hardware will be flush to the ground and capable of working at any angle and perform trip hazard removal in hard-to-reach areas, around obstacles, on narrow walkways, next to fences and retaining walls or buildings.
- K. Florida Sidewalk Solutions will respond to all request for trip hazard repair within 48 hours of notice from the city failure to do so will lead to termination of the contract.

SIDEWALK INSPECTION AND DATA COLLECTION

Florida Sidewalk Solutions will walk and visually inspect every sidewalk panel in the project area and will use data collection that records the details of the work. The data shall be transmitted electronically to the City Representative. The data shall be provided in both an MS Excel table. Data shall be provided in HML or HMZ format suitable for use as a Google Earth layer. The data must include an itemized summary of all repaired hazards, including the data indicated below:

- The displacement height of the proposed repair
- The physical location (street address) of each repair
- The GPS coordinates with precision/repeatability of 2 ft. or better.
- An indication whether the hazard is to be repaired by sidewalk slicing or by another method such as removal and replacement

INCH FEET PRICING

1 To 12 Ratio at \$28.50 per inch foot

- Inch Foot Calculation (Based on height of each trip hazard & lineal feet of proposed correction)

SURVEY PROCESS (Documentation of Average Height Displacement)

- Two measurements of displacement height on each proposed repair

EXAMPLE (Lifted .25 to .50 across a 5 Foot Wide Sidewalk)

- Height Left Corner .25 + Height Right Corner .50 (divide by 2 = .375)
- .375 Average Height x 5 Lineal Feet = 1.88 Inch Feet
- 1.88 Inch Feet x \$28.50 Cost Per Inch Foot = \$53.58 Removal Cost

OUR WORK

- Florida Sidewalk Solutions removes trip hazards from concrete and asphalt sidewalks to assist communities in alleviating trip and fall liability, meeting the requirements of the Americans with Disabilities Act (ADA) and improving community assets. Our approach has been awarded 6 U.S. patents, one pending. We use a horizontal saw to repair trip hazards as small as 1/4 inch (as defined by the ADA) to as high as 2.0 inches. Communities and municipalities find that our proprietary services are more efficient and can save them thousands of dollars compared to the cost of conventional methods of trip hazard removal.
- U.S. Patent Numbers: 6,827,074, 6,896,604, 7,000,606, 7,143,760, 7,201,644, 7,402,095
- Florida Sidewalk Solutions does not grind or pulverize concrete. Grinders can cause crevices and pitting, resulting in further damage and deterioration to the concrete due to water retention in the low, uneven spots. Grinders often leave partial hazards at the edges of a sidewalk panel, which means after you've paid for a repair, you are still left with a liability.
- **ALL** jobs require a Florida Sidewalk Solutions signed Notice to Proceed / Contract for Patented – Saw Cutting Trip Hazard Removal in order to be scheduled. Any changes or additions are subject to contract document legal fees.
- Our work requires the use of generators therefore we cannot work in rainy conditions or with wet concrete.
- There is a minimum charge for our work.
- Florida Sidewalk Solutions does **not** remove or replace sidewalks. Sidewalks noted on the estimate as **replace** are sidewalks beyond the scope of our work and will not be repaired by Florida Sidewalk Solutions.
