**Bidder must use the blank Town forms provided herein.** The Bid must be signed and acknowledged by the Bidder in accordance with the directions within this ITB. Failure to utilize or fully complete the Town's forms may result in a determination that the Bid is non-responsive.

one or more line items are too low a price to cover the actual cost to perform the Work (including overhead and profit) or too high a price where excessive profit will occur.

**B2.13 WITHDRAWAL OF BID**

Late Bids will not be opened. Town staff is not responsible for the premature opening of a Bid if the Bid is not properly sealed, addressed and labeled. Bidders or their authorized agents are invited to be present at the Bid opening. Any additional information on the Bid Submittals will be made available in accordance with Florida Statute 119.071, Paragraph (b) of subsection (1), item 2, as amended. **B2.17 AWARD OF CONTRACT(S)**

The Town anticipates awarding a contract to the lowest responsive and responsible Bidder(s) that is in the best interest of the Town.

The Town may require demonstration of competency and, at its sole discretion, conduct site visit(s) and inspections of the Bidder's place of business, require the Bidder to furnish documentation or require the Bidder to attend a meeting to determine the Bidder's qualifications and ability to meet the terms and conditions of this Contract. The Town will consider, but not be limited to, such factors as financial capability, labor force, equipment, experience, knowledge of the trade work to be performed, the quantity of Work being performed by the Contractor and past performance on Town and other contracts. In no case will the Award be made until all necessary investigations have been made into the responsibility of the Bidder and the Town is satisfied that the Bidder(s) is qualified to perform the Work.

Any Bidder wishing to file a protest as to the requirements or award of this ITB must do so in accordance with Town Ordinance 12-142, Section 16, which is available at <http://www.miamilakes-fl.gov>.

### **B2.19 EXECUTION OF CONTRACT**

## **B3 REQUIRED FORMS & AFFIDAVITS**

### **B3.01 COLLUSION**

Where two (2) or more related parties, as defined in this Section, each submit a response to an ITB, such submissions will be presumed to be collusive. The foregoing presumption may be rebutted by the presentation of evidence as to the extent of ownership, control and management of such related parties in preparation and submission under such ITB. Related parties means employees, officers or the principals thereof which have a direct or indirect ownership interest in another firm or in which a parent company or the principals thereof of one Bidder have a direct or indirect ownership interest in another Bidder for the same project. Bidder certifies that its Bid is made independently of any assistance or participation from any Town employee, elected official, or contractor working for or on behalf of the Town, who assisted in any aspect with the development, evaluation, or award if this or any solicitation issued by the Town.

Town employees may not contract with the Town through any corporation, or business entity in which they or their immediate family members hold a controlling financial interest (e.g. ownership of five (5) percent or more). Immediate family members, including spouse, parents, and children are also prohibited from contracting with the Town without the prior approval of the Town Council.

Any changes to the Contract must be contained in a written Change order, using the Town's Change Order Form, executed by the both parties. However, under circumstances determined necessary by the Town, a Change Order may be issued unilaterally by Town.

In the event a satisfactory adjustment cannot be reached and a Change Order has not been issued or time is of the essence, the Town reserves the right, at its sole option to direct the Contractor to proceed on a time and materials basis or make such arrangements as may be deemed necessary to complete the proposed additional Work.

Where the Town directs the Contractor to proceed on a time and materials basis, Contractor must maintain detailed records of all labor and material costs for review by the Town.

For all Change Orders the Contractor will be entitled to a combined profit and overhead rate for Change Orders that will not be in excess of ten (10%) percent inclusive of all direct/indirect costs including labor, material, and equipment costs, unless the Procurement Manager determines that the complexity and risk of the Change Order work is such that an additional factor is appropriate.

The final amount to be paid to the Contractor for Change Order Work is subject to negotiation between the Town and the Contractor.

Failure by the Contractor to proceed with Change Order Work when so directed by the Town Manager or designee may result in the Contractor being found in default of the Contract.

Contractor must utilize the Town's standard requests for change orders and change order forms unless otherwise specifically approved by the Town's Procurement Manager. The Town's Forms are available on the Town's website.

#### C4.02 FORCE MAJEURE

Should any failure to perform on the part of Contractor be due to a condition of Force Majeure as that term is interpreted under Florida law, then, the Town may allow an extension of time reasonably commensurate with the cause of such failure to perform or cure.

If the Contractor is delayed in performing any obligation under the Contract Documents due to a force majeure condition, the Contractor must request a time extension from the Town within two (2) working days of said Force Majeure occurrence. Any time extension will be subject to mutual agreement and will not be cause for any claim by the Contractor for extra compensation unless additional services are required by the Town. A Force Majeure event **does not include** inclement weather except for significant weather events that adversely impact the critical path of the Project Schedule, if required, or completion of the work, and **does not include** the acts or omissions of Subcontractors or suppliers.

#### C4.03 EXTENSION OF TIME

Any reference in this Section to the Contractor will be deemed to include suppliers, and permitted Subcontractors, whether or not in privity of contract with the Contractor for the purpose of this Section.

If the Contractor is delayed at any time during the progress of the Work beyond the time frame or date provided for Final Completion by the neglect or failure of the Town or by a Force Majeure, then the Contract Time set forth in the Contract will be extended by the Town subject to the following conditions:

1. The cause of the delay arises after issuance of the NTP and could not have been anticipated by the Contractor by reasonable investigation before proceeding with the Work;
2. The Contractor demonstrates that the completion of the Work will be actually and necessarily delayed;
3. The effect of such cause cannot be avoided or mitigated by the exercise of all reasonable precautions, efforts and measures whether before or after the occurrence of the cause of delay.

A delay meeting all the conditions of the above, will be deemed an Excusable Delay.

The Town reserves the right to rescind or shorten any extension previously granted if subsequently, the Project Manager determines that any information provided by the Contractor in support of a request for an extension of time was erroneous; provided however, that such information or facts, if known,

would have resulted in a denial of the request for an Excusable Delay. Notwithstanding the above, the Project Manager will not rescind or shorten any extension previously granted if the Contractor acted in reliance upon the granting of such extension and such extension was based on information which, although later found to have been erroneous, was submitted in good faith by the Contractor.

The request for an Excusable Delay must be made within five (5) calendar days after the time when the Contractor knows or should have known of any cause for a specific event, for which it may claim an extension of time and must provide any actual or potential basis for an extension of time, identifying such causes and describing, as fully as practicable at that time, the nature and expected duration of the delay and its effect on the completion of that part of the Work identified in the request. The Project Manager may require the Contractor to furnish such additional information or documentation, as the Project Manager will reasonably deem necessary or helpful in considering the requested extension.

The Contractor will not be entitled to an extension of time unless the Contractor affirmatively demonstrates that it is entitled to such extension.

The Project Manager will endeavor to review and respond to the Contractor's request for Excusable Delays in a reasonable period of time; however, the Contractor is obligated to continue to perform the Work required regardless of whether the Project Manager has issued a decision or whether the Contractor agrees or disagrees with that decision.

With regard to an injunction, strike or interference of public origin which may delay the Project, the Contractor must promptly give the Project Manager a copy of the injunction or other orders and copies of the papers upon which the same was granted. The Town must be afforded the right to intervene and become a party to any suit or proceeding in which any such injunction has been obtained and move to dissolve the same or otherwise, as the Town may deem proper.

Where the Contractor is delayed for any period of time by two or more of the causes mentioned in Section C4.04, Excusable Delay, Non-Compensable, the Contractor will not be entitled to a separate extension for each one of the causes, only one period of extension will be granted for the delay.

Any extension of time granted by the Town will be processed through the Change Order provisions of the Contract.

The permitting of the Contractor to proceed with the Work subsequent to the date specified in the Contract (as such date may have been extended by a change order), the making of any payment to the Contractor, the issuance of any Change Order, will not waive the Town's rights under the Contract, including but not limited to the assessment of liquidated damages or declaring Contractor in default.

#### **C4.04 EXCUSABLE DELAY, NON-COMPENSABLE**

Excusable Delay is delay caused by either of the following: (i) circumstances that could not be foreseen and are beyond the reasonable control of Contractor, its subcontractors, or suppliers; or (ii) joint or concurrent action by Contractor, its subcontractors, suppliers or vendors and the Town. Then Contractor will be entitled only to a time extension and no compensation for the delay.

Contractor is entitled to a time extension of the Contract time for each day the Work is delayed due to Excusable Delay. Contractor must document its claim for any time extension as provided in Section C4.05.

Failure of Contractor to comply with Section C4.05, as to any particular event of delay will be deemed conclusively to constitute a waiver, abandonment or relinquishment of any and all claims resulting from that particular event of delay.

#### C4.05 CLAIMS

Contractor will only be entitled to submit a claim after submitting its request for additional compensation or time in accordance with Sections C4.03 and C4.04 of the Contract and the request(s) have been denied or the Contractor does not agree with the decision of the Town.

Any claim for a change in the Contract time for completion of any Work, the Contract Term, or Contract price must be made by written notice by Contractor to the Town representatives identified in Section C1.26 within the timeframe established in Section C4.04, effective with the commencement of the event giving rise to the claim stating the general nature and cause of the claim. Thereafter, within twenty (20) calendar days of the termination of the event giving rise to the claim, written notice of the extent of the claim with supporting information and documentation must be provided unless the Procurement Manager allows an additional period of time to ascertain more accurate data in support of the claim. The written notice must be accompanied by Contractor's written notarized statement that the adjustment(s) claimed is the entire adjustment to which the Contractor has reason to believe it is entitled as a result of the occurrence of said event. All claims and disputes will be determined in accordance with the Contract. It is expressly and specifically agreed that any and all claims for changes to the Contract will be waived if not submitted in strict accordance with the requirements of this Section.

The Town may require the Contractor to submit its claim utilizing a specific format or forms to facilitate the Town's evaluation of the claim. The Town at its sole discretion may require that additional documentation or information be provided by the Contractor to assist in its review and evaluation of the claim.

The Contract time will be extended in an amount equal to time lost on critical Work items due to delays beyond the control of and through no fault or negligence of Contractor if a claim is made as provided in this Section. Such delays include, but are not be limited to, acts or neglect by any separate contractor employed by Town, fires, floods, labor disputes beyond the control of the Contractor, epidemics, abnormal weather conditions (if applicable), or acts of God.

The Contractor will not be entitled to an increase in the Contract price or payment or compensation of any kind from the Town for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be it reasonable or unreasonable, foreseeable or unforeseeable, avoidable or unavoidable. Contractor will only be entitled to an extension of the Contract Time for completion of the Work, as the sole and exclusive remedy for such resulting excusable delay.

The Contractor agrees to make no claim for damages for delay of any kind in the performance of the Contract Documents whether occasioned by any act or omission of the Town or any of its representatives and the Contractor agrees that any such claim will be compensated solely by an extension of time to complete performance of the Work due to an Excusable Delay as defined in Section C4.03, and Section C4.04. The Contractor alone specifically assumes the risk of such delays, including, without limitation: delays in processing or approving any submittals to the Town or by the Town, or the failure to render determinations, approvals, replies, inspections, in a timely manner. Contractor will not receive monetary compensation for Town delay(s).

Failure of Contractor to comply with this Section as to any particular event of claim will be deemed conclusively to constitute a waiver of any and all claims resulting from that particular event.

#### C4.06 CONTINUING THE WORK

Contractor must continue to perform all Work under the Contract Documents during all disputes or disagreements with Town, including disputes or disagreements concerning a request for a Change Order and no Work must not be delayed or postponed pending resolution of any disputes or disagreements.

#### C4.07 FRAUD AND MISREPRESENTATION

The Town may terminate this Contract or any other contracts with the Town with any person, individual, corporation, entity, or affiliate that attempts to meet its contractual obligations with the Town through fraud, misrepresentation or material misstatement. Such person, individual, corporation, entity, or affiliate will be responsible for all direct or indirect costs associated with termination or cancellation.

#### C4.08 STOP WORK ORDER

The Town may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the Work for a period of up to ninety (90) days (or any lesser period), commencing no sooner than the date the order is delivered to the Contractor, and for any further period to which the parties may agree. Any such order will be specifically identified as a "Stop Work Order" issued pursuant to this paragraph. Within the period of ninety (90) days (or the lesser period specified) after a Stop Work Order is delivered to the Contractor, or within any extension to which the parties have agreed the Town will either:

1. Cancel the Stop Work Order; or
2. Terminate the Work covered by such order as provided in Section C5.03, Termination for Convenience.

If a Stop Work Order issued under this Section is canceled or the period of the order or any extension thereof expires, the Contractor must resume the Work without compensation to the Contractor for such suspension other than extending the time to complete any Work under the Contract or extending the Contract Term to the extent that, in the opinion of the Project Manager, the Contractor may have been delayed by such suspension. In the event the Project Manger determines that the suspension of Work was necessary due to Contractor's defective or incorrect Work, unsafe Work conditions caused by the Contractor, or any other reason caused by Contractor's fault or omission, the Contractor will not be entitled to an extension of time or Contract Term or (Time) as a result of the issuance of a Stop Work Order.

Suspension of the Work caused by a threatened or actual storm event, regardless of whether the Town has directed such suspension, will entitle the Contractor to additional Contract time as non-compensable, Excusable Delay, and will not give rise to a claim for compensable delay.

#### C4.09 MATERIALITY AND WAIVER OF BREACH

Town and Contractor agree that each requirement, duty, and obligation set forth in the Contract Documents is substantial and important to the formation of the Contract Documents and, therefore, is a material term hereof. The Town's failure to enforce any provision of the Contract Documents will not be deemed a waiver of such provision or modification of the Contract Documents. A waiver of any breach of a provision of the Contract Documents will not be deemed a waiver of any subsequent breach and will not be construed to be a modification of the terms of the Contract Documents.

#### C4.10 TIME IN WHICH TO BRING ACTION AGAINST THE TOWN

In the event the Contractor may be deemed to have a cause of action against the Town, no action will lie or be maintained by the Contractor against the Town upon any claim arising out of or based upon the Contract Documents by reason of any act or omission or requirement of the Town or its agents, unless such action is commenced within six (6) months after the date of issuance of a final payment under the Contract, or if the Contract is terminated under the provisions of the Contract, unless such action is commenced within six (6) months after the date of such termination by the Town.

#### C4.11 CONTRACT EXTENSION

The Town reserves the right to extend the Contract for up to ninety (90) calendar days beyond the original Contract period, inclusive of any Options to Renew exercised by the Town. In such event, the Town will notify the Contractor in writing of such extensions.

### **C5 EARLY TERMINATION & DEFAULT**

#### C5.01 SET-OFFS, WITHOLDING, AND DEDUCTIONS

The Town may set-off, deduct or withhold from any payment due the Contractor, such sums as may be specifically allowed in the Contract or by applicable law including, without limitation, the following:

1. Any amount of any claim by a third party;
2. Any Liquidated Damages, and/or;
3. Any unpaid legally enforceable debt owed by the Contractor to the Town.

The Town will notify the Contractor in writing of any such withholdings.

Any withholding, which is ultimately held to have been wrongful, will be paid to the Contractor in accordance with the Local Government Prompt Payment Act

#### C5.02 CONTRACTOR DEFAULT

##### *a. Event of Default*

An event of default means a breach of the Contract by the Contractor. Without limiting the generality of the foregoing and in addition to those instances referred to herein as a breach, an Event of Default, includes but is not limited to, the following:

1. The Contractor has not performed the Work in a timely manner;
2. The Contractor has refused or failed to supply properly skilled staff or provided sufficient quantities of staff to perform the Work;
3. The Contractor has failed to make prompt payment to Subcontractors or suppliers for any services, materials, or supplies provided to Contractor;
4. The Contractor has become insolvent or has assigned the proceeds received for the benefit of the Contractor's creditors, or the Contractor has taken advantage of any insolvency statute or debtor/creditor law or if the Contractor's affairs have been put in the hands of a receiver;
5. The Contractor has failed to obtain the approval of the Town where required by the Contract Documents;
6. The Contractor has failed in the representation of any warranties stated herein;
7. When, in the opinion of the Town, reasonable grounds for uncertainty exist with respect to the Contractor's ability to perform the Work.

##### *b. Notice of Default – Opportunity to Cure*

Where an Event of Default ("Default") occurs under the Contract, the Town may at its sole discretion notify the Contractor, specifying the basis for such Default, and advising the Contractor that such Default must be cured within a time frame specified by the Town; or, the Contract with the Town may be terminated. The Town is under no obligation to issue such notification. The Town may grant an extension to the cure period if the Town deems it appropriate and in the best interest of the Town, without waiver of any of the Town's rights hereunder. The Town, at its sole discretion, may have a default corrected by its own forces or another contractor and any such costs incurred will be deducted from any sums due the Contractor under any contract with the Town.

The Town Manager or designee may also suspend any payment or part thereof or order a Work stoppage until such time as the issue(s) concerning compliance are resolved.

c. *Termination for Default*

Where a Default is not cured within the time specified to cure the Default, the Town Manager in addition to all remedies available by law, may immediately, upon written notice to Contractor, terminate this Contract. Contractor understands and agrees that termination of this Contract under this Section will not release Contractor from any obligation accruing prior to the effective date of termination.

In the event of termination by the Town Manager or designee, the Town Manager or designee may immediately take possession of all applicable documentation and data, material, equipment, and supplies to which it is entitled to under the Contract or by law.

Where the Town erroneously terminates the Contract for default, the terminations will be converted to a Termination for Convenience, and the Contractor will have no further recourse of any nature for wrongful termination.

**C5.03 TERMINATION FOR CONVENIENCE**

In addition to cancellation or termination as otherwise provided for in the Contract, the Town may at any time, in its sole discretion, with or without cause, terminate the Contract by written notice to the Contractor. Such Written Notice will state the date upon which Contractor must cease all Work under the Contract, and if applicable vacate the Project(s) site(s).

Upon receipt of such notice, unless otherwise directed by the Town, the Contractor must Stop all Work on the date specified in the notice ("the Effective Date");

1. Take such action as may be necessary for the protection and preservation of the Town's materials and property;
2. Cancel all cancelable orders for materials and equipment;
3. Remove all materials, supplies or equipment that may be used by the Contractor on other work;
4. Assign to the Town and deliver to the Town, at a site(s) specified by the Town, any non-cancelable orders for materials and equipment that can not otherwise be used by the Contractor on other work;
5. Take no action that will increase the amounts payable by the Town under the Contract Documents; and take reasonable measures to mitigate the Town's liability under the Contract Documents; and
6. All documents, including electronic documents, related to Work authorized under the Contract, whether finished or not, must be turned over to the Town. Failure to timely deliver the documentation will be cause to withhold any payments due without recourse by Contractor until all documentation is delivered to the Town.

In the event that the Town exercises its right to terminate the Contract pursuant to the Contract Documents, the Town will pay the Contractor for the actual cost, or the fair and reasonable value, as substantiated by invoice documentation, of any non-cancelable material(s) and equipment that cannot be used elsewhere by the Contractor in the performance of its work.

In no event, will any payments under this Paragraph exceed the maximum cost set forth in the Contract and the amount due hereunder may be offset by payments made to the Contractor or any claims made against the Contractor. Contractor will not be entitled to lost profits, overhead or consequential damages as a result of a Termination for Convenience.

**C5.04 REMEDIES AVAILABLE TO THE TOWN**

The Town may avail itself of each and every remedy stated in the Contract Documents or existing at law or in equity. The exercise or the beginning of the exercise, of one remedy will not be deemed a waiver of the right to exercise, at the same time or thereafter, of any other remedy.

#### C5.05 FUNDS AVAILABILITY

Funding for this Contract is contingent on the availability of funds and the Contract is subject to amendment or termination due to lack of funds, reduction of funds and/or change in regulations, upon thirty (30) days' notice.

The Work includes, but is not limited to; paving, milling, resurfacing, drainage, striping, asphalt patching, concrete sidewalks, curbs and gutters repairs, installation, and replacement. Work Orders may include more than one of these components of Work.

#### D2 LINE ITEM QUANTITIES

**The estimated quantities will be used solely for bid comparison purposes for the Town to determine the lowest responsive and responsible Bidders and only represent the Town's requirements for the first year of the Contract.** No guarantee is expressed or implied as to the total quantity of Work to be issued to a Contractor. As stated in Section B2.12, where the Town has determined that a Bidder has submitted an unbalanced Bid, said Bid will be rejected as non-responsive.

#### D3 WORK ORDERS

Work will be issued on an as needed basis through the issuance of Work Orders, which may contain multiple sites. The minimum value of any Work Order issued will be five thousand dollars (\$5,000), utilizing the unit prices based on those stated in the Bid Form.

The Town will issue each Work Order in such a way that the work locations are grouped by vicinity and within a single 3000-foot radius area to minimize contractor mobilization time.

#### D4 ADDITIONAL LINE ITEM QUANTITIES

The Town reserves the right to request price quotes for additional items not contained in the initial award. Should the Town add any additional line items the Town will do so through the Change Order process.

#### D5 CONTRACT TERM/ESTIMATED EXPENDITURE

This Agreement will be effective upon execution by both parties and will continue for a term of three (3) years from the date of execution by the Town or until the Contract value has been expended. No Work is to commence until a Work Order is issued.

#### D6 OPTION(S) TO RENEW

Prior to or upon completion of the initial term of the Contract or the expenditure of the total value of the contract award, the Town, at its sole discretion, will have an option to renew the Contract upon the same terms and conditions for two (2) additional one (1) year periods (the "Option" or "OTR"). The Town may at its sole discretion, exercise the Option to renew when the total value of the Contract for the initial term or Option year has been fully expended. Any Option will be effective upon receipt of a written notice from the Town Manager or Procurement Manager to the Contractor. The Town may, at its sole discretion may allow for price increases during the Option years due to extraordinary changes in market conditions and market pricing.

#### D7 HOURS FOR PERFORMING WORK

All Work must be performed in accordance with the hours set forth in the Town's noise Ordinance No. 04-50.

Any Work to be performed outside these hours will require the prior written approval of the Project Manager. A Work Order may establish different working hours than those stated herein.

#### **D8 COMPENSATION**

Contractor can submit an invoice for payment for Work performed under a Work Order upon completion and acceptance of all of the Work by the Project Manager. Contractor may include more than one Work Order on the invoice form.

Contractor must use the Town's Standard Invoice Form ("Invoice") for all payment requests. The invoice must include the Work Order numbers to be paid as well as the amount to be paid for each Work Order. Failure to include the above information will delay payment. Payments will not be made based on statements of accounts.

The Invoice Form is available on the Town's website at [http://www.miamilakes-fl.gov/index.php?option=com\\_content&view=article&id=149&Itemid=358](http://www.miamilakes-fl.gov/index.php?option=com_content&view=article&id=149&Itemid=358).

The Town will take action to pay, reject or make partial payment on an Invoice in accordance with the Florida Local Government Prompt Payment Act. No payments will be due or payable for Work not performed or materials not furnished or where the Work has not been accepted by the Town. If there is a dispute with regard to an invoice, the Town will pay the amount not in dispute and reject the remainder that is in dispute. Contractor is responsible for paying its Subcontractors and suppliers in accordance with the Florida Local Government Prompt Payment Act.

The Contractor will be compensated based on actual Work performed at the unit prices specified in the Contract.

The acceptance of payment for a Project constitutes a waiver of all claims by Contractor related to that Project, except those previously made in strict accordance with the provisions of the Contract and identified by Contractor as unsettled at the time of the application for payment.

#### **D9 ESTIMATED QUANTITIES**

The quantities stated on the Bid Form are solely estimates of what the Town anticipates it needs are for the initial year of the Contract. The Town anticipated expenditure for the initial year of the Contract will be approximately \$200,000. The Town anticipates maintaining the same levels of funding for the 2nd & 3rd years, which would result in an anticipated expenditure of \$600,000 during the initial three (3) year contract term.

The stated quantities do not reflect the actual quantities to be ordered and the Town has not established any minimum quantities and no guarantee is expressed or implied as to the total quantity of Work to be issued to a Contractor. The Town reserves the right, at its sole discretion, to make adjustment to the number and/or location of the Bid items. The failure of the Town to order any minimum quantities does not form any basis for a claim by the Contractor for lost work or profits.

#### **D10 LINE ITEM PRICING**

Line item pricing must include all costs, both direct and indirect to perform the Work (including mobilization and MOT), except for those costs specifically identified as reimbursable costs as stated in Section D11. This includes any incidental costs associated with the Work under a Work Order not specifically stated, i.e., the installation of drainage may require backfill and patching, whether permanent or temporary.

The Bid Form contains line item prices and the Bidder is required to Bid on all line items. **Where a Bidder fail to provide line item prices for all line items the Bid will be rejected as non-responsive.**

## **D11 REIMBURSABLE EXPENSES**

Certain Project expenses may or will not be known at the time of award of a Project. The Town will reimburse the Contractor for such costs, which includes:

- Permits (from regulatory agencies or any other agency having jurisdiction)
- Police Officer costs when not provided by the Town
- Rental of equipment specifically identified as such in a Work Order.

Where a permit or the Town requires the Contractor to use a police officer(s) during the performance of the Work the Town will make every effort to furnish police officers at no cost to the Contractor. Where the Town is not able to provide the required police officers the Town will reimburse the Contractor based on the actual cost to the Contractor and the cost is not include in the unit price per item. To be reimbursed the Contractor must submit a copy of documentation substantiating both the cost as well as proof of payment.

Contractor will only be reimbursed for the actual direct cost, without any mark-up.

## **D12 SPECIFICATIONS**

FDOT specifications apply in the performance of the Work and all applicable specifications are hereby incorporated by reference. The Town may, at its sole discretion, make changes to the FDOT specifications, or add its own specifications, on a Work Order by Work Order basis and the Contractor will be advised of any such changes.

## **D13 AWARD OF PROJECTS**

Work Orders will be issued to the Town for all Work. A Work Order may consist of one or more Projects. Work Orders will be issued in one of two ways.

1. Where a Project is based solely on pre-priced line item pricing the Project Manager will calculate the cost of the Project(s) by multiplying the estimated quantities for each line item times the line item price. The Project Manager will then provide the Contractor a written Work Order for a Project(s) and provide it with the spreadsheet used for the calculations (if one is required), the timeframe for completing the Project(s), and available drawings (if any), and any additional contract terms and conditions specific to the Project(s) or the Work Order, including but not limited to additional insurance, liquidated damages, etc.

The Contractor is responsible to visit the site, review any drawings and the spreadsheet, to confirm that the proposed quantities and value stated in the Work Order for the Project(s) is correct. The Contract may request that the Project Manager meet in the field to review the Work Order. If the Contractor believes that that either the quantities, line items, scope or other details are incorrectly stated on the Work Order the Contractor is to notify the Project Manager is writing of their findings within forty-eight (48) hours or the Town will consider the Work Order as accepted by the Contractor. The Project Manager will review any recommended revisions and if necessary, make any revisions. Once revised and forwarded to the Contractor, the Contractor will have twenty-four (24) hours to accept or reject the Work Order. If rejected the Town may have the Work performed by others. Repeated rejections of Work Orders may result in termination of the Contract.

2. If a Project requires work that includes non-pre-priced work, then the Project Manager will request a written Work Order Proposal ("Proposal") from the Contractor. Upon receipt of the Proposal from the Contractor the Project Manager will review the Proposal and either accept, reject or negotiate the Proposal. Once finalized the Project Manager will issue a Work Order for the Work to be performed.

#### **D14 LIQUIDATED DAMAGES**

The Town may establish liquidated damages on a Work Order by Work Order basis. Where the Town determines that liquidated damages will apply to a Work Order the amount established will be stated in the Work Order.

The Contractor is obligated and guarantees to complete the Work Order in the established in the Work Order or any approved extension of time the Contractor may be granted by the Project Manager. In the event of a delay in completion beyond the date established in the Work Order, the Contractor must pay to the Town for each and every calendar day of unexcused delay, the sum stated in the Work Order, which is hereby agreed upon not as a penalty but as liquidated damages. The Contractor will be notified of any exceptions. The total amount of liquidated damages will not exceed the value of the Work Order.

The Town has the right to deduct liquidated damages assessments from any payment due or which may thereafter become due to the Contractor under any contract the Contractor has with the Town. In case the amount available under contracts the Contractor has with the Town is less than the amount of liquidated damages due the Town, the Contractor must pay the difference upon demand by the Town. Should the Contractor fail to compensate the Town for any liquidated damages, the Town will consider this as a form of indebtedness and may deny any future Work under the Contract or any other Town contract until such indebtedness is paid in full to the Town.

The Town will notify the Contractor in writing that it is incurring liquidated damages.

#### **D15 RELEASE OF LIEN SUBCONTRACTOR'S STATEMENT OF SATISFACTION**

The Contractor warrants and guarantees that title to all Work, materials and equipment covered by an Invoice, whether incorporated in the Project or not, will pass to the Town upon the receipt of payment by the Contractor, free and clear of all liens, claims, security interests or encumbrances and that no Work, materials or equipment will have been acquired by the Contractor or by any other person performing Work at the site or furnishing materials and equipment for the Project, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the Contractor by a Subcontractor or supplier or any other interested party.

The Contractor must, starting with the second (2<sup>nd</sup>) Invoice, provide the Project Manager completed Partial or Final Releases of Lien/Subcontractor's Statement of Satisfaction Form for the Project. As an option the Contractor may also submit a Consent of Surety if a payment bond has been provided, authorizing the release of payment by the Surety. Failure to submit such documentation will result in rejection of the Invoice. The Contractor must use the Town's forms, which are available at the hyperlink provided in Section D8.

Conditional Release of Liens are not accepted by the Town.

#### **D16 PURCHASE AND DELIVERY, STORAGE AND INSTALLATION**

All materials must be F.O.B. delivered and included in the cost of the Work. The Contractor is solely responsible for the purchase, delivery, off-loading and installation of all equipment and material(s). Contractor must make all arrangement for delivery. Contractor is liable for replacing and damaged equipment or material(s) and filing any and all claims with suppliers. All transportation must comply with all federal, FDOT, Miami-Dade County, and Town rules and regulations.

No materials will be stored on site without the prior written approval, using the appropriate Town form, by the Project Manager. The Town's Forms are available at the website address identified in Section D8.

#### **D17 TOWN FURNISHED DRAWINGS**

The Town, in its sole discretion, may furnish design drawings. It is the sole responsibility of the Contractor to bring to the immediate attention of the Project Manager any discrepancies between the drawings and existing conditions, excluding hidden or unforeseen conditions, discovered prior to commencing and during the Work. The Contractor is solely responsible for verifying the accuracy of the drawings prior to commencing the Work and is responsible for any errors or revisions of the Work, which might have been avoided by notifying the Town prior to commencement. This also applies to any revisions or omissions identified by the Contractor. The Contractor must submit all requests for information entitled Request for Information (RFI).

During the performance of the Work, should any errors, omissions, conflicts, ambiguities or discrepancies be found in the drawings and/or specifications, the Project Manager or the Consultant will clarify in writing the intent of the drawings and the Contractor agrees to abide by the Project Manager's interpretation and perform the Work in accordance with the decision of the Project Manager. In such event, the Contractor will be held to have included in its Contract Price the best materials suitable for the purpose and methods of construction.

The Contractor will have no basis for any claim for additional costs resulting from their failure to identify any required revisions, omissions or errors, not identified in writing to the Project Manager prior to commencing the Work.

#### **D18 REQUEST FOR INFORMATION**

The Contractor must submit a Request for Information ("RFI") where the Contractor believes that the Contract Document's specifications are unclear or conflict. All requests must be submitted in a manner that clearly identifies the specification section or drawing detail, if furnished, where clarification or interpretation is being requested. As part of the RFI, Contractor must include its recommendation for resolution. The Town must respond in writing.

The RFI process is not intended to be used to correct defective Work performed by the Contractor. Solutions to correct defective Work, including means and methods are the sole responsibility of the Contractor. Should the RFI process be utilized to correct defective Work, the Contractor may be required to reimburse the Town for any costs incurred by the Town in responding to the RFI. Such reimbursements will be taken as a deduction against any payments due the Contractor.

#### **D19 WARRANTY**

Contractor warrants to the Town that all materials and equipment furnished under the Work Order will be new unless otherwise specified and that all of the Work will be of good quality, free from faults and defects and in conformance with the Work Order and the Contract Documents. All Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by the Project Manager, the Contractor must furnish satisfactory evidence as to the kind and quality of materials and equipment. This warranty is not limited by any other provisions within the Contract Documents.

All Work must have a one (1) year warranty on labor from the date of acceptance of the Work by the Town under a Work Order. Contractor must provide a minimum written warranty of one (1) year on all equipment, parts, or material unless the manufacturer provides a longer warranty. Where the manufacturer of the equipment, parts, or material provides a warranty greater than one (1) year or the time frame stipulated then the manufacturer's warranty term will take precedence. Contractor will be required to provide the Project Manager a copy of the

manufacturer's warranty prior to the Town issuing final payment. Manufacturer's warranties will become effective upon completion and acceptance by the Town of the Work under the Work Order.

All material and equipment furnished must be fully guaranteed by the Contractor against factory defects and workmanship. At no expense to the Town, the Contractor will correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty. The Contract Documents may supersede the manufacturer's standard warranty. Manufacturer's warranties will become effective upon Final Completion of the Project.

Should the Contractor fail to perform any required warranty work the Town, at its sole discretion, may have the work performed by others, and deduct such costs from any monies due the Contractor from the Town. Where such funds are not available, the Town will bill the Contractor and Contractor will reimburse the Town within thirty (30) calendar days. The Town may take any necessary and appropriate action provided under this Contract or with law to collect such payment due the Town.

#### **D20 ACCESS TO WATER AND UTILITIES**

The Contractor is responsible for providing all water and power required for the performance of the Work, including the use of a generator. The use of a generator may be subject to the prior approval of the Town's representative should the Work be in a primarily residential neighborhood.

The Town may at its sole discretion provide access to Town utilities or water should such be available at the Work site. However, the Contractor is responsible to ascertain the location and accessibility of any utilities and potable water sources necessary to perform the Work.

#### **D21 STAGING SITE**

The Contractor is solely responsible for making all arrangements for any staging site(s) that may be necessary for the performance of the Work and the Contractor is responsible for all site security and any loss, damage or theft to its equipment and materials. The Town at its sole discretion may make a staging site available for use by the Contractor. If such site is made available by the Town, the Town assumes no responsibility or liability, and the Contractor will be responsible for any loss, damage or theft to its equipment and materials. The Contractor is also responsible for restoring the site to its pre-existing condition prior to the Contractor's use of the site.

#### **D22 WORK ORDER COMPLETION, PUNCH LIST & FINAL COMPLETION**

The Work under a Work Order will be complete ("Final Completion") when the Project Manager accepts all of the Work performed under a Work Order. Where the Project Manager determines that additional Work is required to complete a Work Order the Project Manager will create a punch list containing all of the Work to be performed to achieve Final Completion of the Work Order.

The Punch List is to be signed by the Project Manager and the Contractor confirming that the Punch List contains the item(s) necessary to complete the Work. The failure or refusal of the Contractor to sign the Punch List does not relieve the Contractor from completing the remaining Work to the satisfaction of the Project Manager.

The Project Manager and the Contractor will agree on the time reasonably required to complete all remaining Work included in the Punch List.

### **D23 OWNERSHIP OF THE WORK**

The Contractor is solely responsible for all Work, until Final Completion of a Work Order. Contractor is liable for all damage, theft, maintenance, and safety until such time as the Town issues a notice of Final Completion of a Work Order.

### **D24 RECORD SET**

For Work Orders where the Town has provided a set of Plans for a Work Order the Contractor must maintain in a safe place one record copy and one permit set of the Contract Documents, including, but not limited to, all Drawings, Specifications, amendments, Change Orders, RFIs, and Field Directives, as well as all written interpretations and clarifications issued by the Project Manager, in good order and annotated to show all changes made during construction. The record documents must be continuously updated by Contractor throughout the prosecution of the Work to accurately reflect all field changes that are made to adapt the Work to field conditions, changes resulting from Change Orders, Construction Change Directives, and Field Directives as well as all written interpretations and clarifications, and all concealed and buried installations of piping, conduit and utility services. Contractor must certify the accuracy of the updated record documents. The record documents must be clean, and all changes, corrections and dimensions must be given in a neat and legible manner in red. Upon Final Completion of the Work Order and as a condition precedent to Contractor's entitlement to final payment, the Record Set must be delivered to the Project Manager by the Contractor. ### COMPLIANCE WITH PUBLIC RECORDS LAW

The Town of Miami Lakes shall comply with the Public Records Law as provided by Chapter 119, Florida Statutes, and all applicable amendments. Applicants must invoke the exemptions to disclosure provided by law in the response to the solicitation and must identify the data or other materials to be protected by separate envelope, and must state the reasons why such exclusion from public disclosure is necessary. The submission of a response authorizes release of your firm's credit data to the Town of Miami Lakes.

If the company submits information exempt from public disclosure, the company must identify with specificity which pages/paragraphs of their submittal/proposal package are exempt from the Public Records Act, identifying the specific exemption section that applies to each. The protected information must be submitted to the Town in a separate envelope marked "EXEMPT FROM PUBLIC RECORDS LAW". Failure to identify protected material via a separately marked envelopment will cause the Town to release this information in accordance with the Public Records Law despite any markings on individual pages of your submittal/proposal.

- (a) CONTRACTOR acknowledges TOWN'S obligations under Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, to release public records to members of the public upon request. CONTRACTOR acknowledges that TOWN is required to comply with Article 1, Section 24, Florida Constitution and Chapter 119, Florida Statutes, in the handling of the materials created under this Agreement and that said statute controls over the terms of this Agreement.
- (b) CONTRACTOR specifically acknowledges its obligations to comply with Section 119.0701, Florida Statutes, with regard to public records, and shall:
  - 1. Keep and maintain public records that ordinarily and necessarily would be required by TOWN in order to perform the services required under this Agreement;
  - 2. Provide the public with access to public records on the same terms and conditions that TOWN would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
  - 3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law; and
  - 4. Meet all requirements for retaining public records and transfer, at no cost to the TOWN, all public records in possession of CONTRACTOR upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to TOWN in a format that is compatible with the information technology system of TOWN.
- (c) Failure to comply with this Section shall be deemed a material breach of this Contract for which TOWN may terminate this Agreement immediately upon written notice to CONTRACTOR.

By submitting a response to this solicitation, the company agrees to defend the Town in the event we are forced to litigate the public records status of the company's documents.

Title:

**SWORN STATEMENT ON PUBLIC ENTITY CRIMES**

**SECTION 287.133(3)(a), FLORIDA STATUTES**

**THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.**

1. This sworn statement is submitted to the Town of Miami Lakes  
by ANTONIO REYES  
[print individual's name and title]  
for GPE ENGINEERING & GENERAL CONTRACTOR CORP.  
[print name of entity submitting sworn statement]

whose business address is

4730 NW 128th St. Opa-Locka, FL 33054

and (if applicable) its Federal Employer Identification Number (FEIN) is 59-1963236

(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement: \_\_\_\_\_)

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)9g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or the United States, including, but not limited to, any bid or contract for goods and services to be provided to any public entity or an agency or political subdivision of any other state or of the United States involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

- a. A predecessor or successor of a person convicted of a public entity crime; or
- b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime.

The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who

has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an entity.

6. Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. [Indicate which statement applies.]

Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, not any affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

This entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. [attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

BEFORE ME, the undersigned authority, personally appeared Antonio Reyes to me well known and known by me to be the person described herein and who executed the foregoing Affidavit and acknowledged to and before me that Antonio Reyes executed said Affidavit for the purpose therein expressed.

WITNESS, my hand and official seal this 15th day of November 2019
