

MINUTES
Sunshine Meeting
October 15, 2021
12:00 PM
Government Center
6601 Main Street
Miami Lakes, Florida 33014

1. Call to Order:

Meeting began at 12:15 PM

The following councilmembers were present: Mayor Manny Cid and Councilmember Tony Fernandez. Mayor Manny Cid stepped out at 12:30 PM of the meeting and did not return.

The following Town Staff members were present: Deputy Town Clerk Ashley Shepple, Mayor's Assistant Joseph Sosa and Chief Technology and Innovation Officer German Cure

Mr. Silvio Puppo is Co-Founder and CEO at Logos Capital Group, a Miami based Impact Investment firm with private equity (PE), investment banking, business development and Venture Capital (VC) capabilities.

Items Discussed:

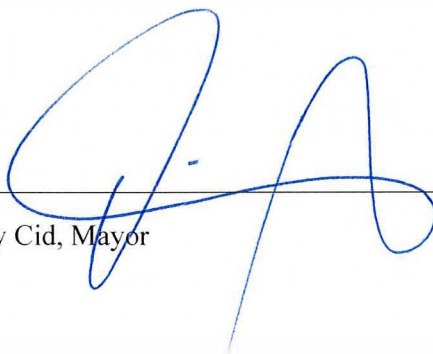

- **To Discuss Smart Cities**

Notes on the meeting: Mr. Silvio Puppo explained how cities including the City of Miami and other cities around the country are looking into looking into 5G Monetization with the Helium project. Mr. Puppo explained the Helium project is a distributed network of long-range wireless hotspots. The goal is to create a blockchain powered network. Helium Hotspots are 5G network and when individuals connect to these hotspots one earns cryptocurrency.

The right 5G monetization systems can be a superpower that allows communication service providers to deliver the promise of 5G from day one. Through performance enhancements such as faster network speeds and bandwidth, guaranteed quality of service, network reliability and a more flexible service offering.

Adjournment:

This meeting was adjourned at 2:00 p.m.

Manny Cid, Mayor

Attest:

Gina M. Inguanzo, Town Clerk
