NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF MIAMI LAKES, FLORIDA, AS FOLLOWS:

Section 1. Recitals. The above Recitals are true and correct and incorporated herein by this reference.

Section 2. Findings.

In accordance with Section 13-303, the Town Council finds that the Applicant meets the criteria for a conditional use approval which are as follows:

1. Land Use Compatibility; and
2. Sufficient Site Size, Site Specifications, and Infrastructure to Accommodate the Proposed Use; and
3. Compliance with the Comprehensive Plan and Land Development Code; and
4. Proper Use of Mitigative Techniques; and
5. Hazardous Waste.

Section 3. Approval of Conditional Use. The Conditional Use request to permit an indoor shooting range in the IU-C (Industrial Use - Conditional) zoning district is hereby approved with conditions.

Section 4. Conditions of Approval. The Conditional Use is approved subject to the following conditions:

1. The approvals granted are based on the preliminary plans submitted, specifically sheets A-0, A-1 and A-2, prepared by Diez, Inc., and all dated 01-30-15. Operation of the indoor shooting range shall be in substantial compliance with

these plans, except as modifications may be required pursuant to these conditions, or changes required to comply with the Building Code that do not materially impact this approval.

2. Any/all signage requires a separate sign permit.
3. Any and all noise associated with the shooting range shall be contained within the warehouse units subject to this application. No shooting range noise (including firing guns) shall be detectable outside of the warehouse units subject to this application, including areas outside the building and specifically including the adjacent warehouse unit. Where any such noise is found to be detectable outside the warehouse units subject to this application, all shooting range use of the property shall immediately cease unless and until physical or operational changes are made to bring the operation into compliance with this condition. Repeated violation of this condition shall result in revocation, by the Administrative Official, of this conditional use approval and any certificate of use (CU) that has been issued.
4. Prior to the issuance of a certificate of use (CU), the property owner shall install and maintain a ventilation system, spent bullet capture facilities, cleaning practices and operational/personnel policies adequate to ensure that, in the judgment of the Administrative Official, vapor and dust from lead-based ammunition does not pose a danger to people and animals in and around the subject property, or to the natural environment. In making this determination, the Administrative Official shall be guided by the rules and regulations of the federal Occupational Health and Safety Administration (OHSA), the Florida Department of Environmental Protection's (DEP) publication "Best Management Practices for Environmental Stewardship of Florida Shooting Ranges," as well as other industry standards and best practices for the operation of shooting ranges and similar facilities. The property owner shall have the burden of demonstrating compliance with this condition.
5. Prior to the issuance of a building permit for the interior improvements necessary to operate the indoor shooting range, the property owner shall revise the plans presented for this approval to include ballistic cladding in every direction in which bullets might travel from the shooting position of each shooting lane, specifically including in the ceiling above the shooting lanes and in every direction within the area labeled "new staging area" on Sheet A-1.
6. Prior to the issuance of a certificate of use (CU), the Applicant shall submit detailed information, including all existing uses in the entire building and square footage of each, to ensure that there is adequate parking to accommodate the indoor shooting range. In this regard, assigned parking spaces to different units within the building is of no effect, and compliance with parking required by the Land Development Code (LDC) is only determined for the building as a whole.

7. The Applicant shall comply with all requirements and standards of the Town's Police Department.
8. The indoor shooting range shall be used only as a training facility for police academy cadets. There will be at least two (2) licensed instructors present at all times while the cadets are training.
9. The hours of operation for the indoor shooting range shall be Monday through Friday from 4:00 p.m. to 9:00 p.m, and on Saturday from 10:00 a.m. to 5:00 p.m.
10. The Applicant shall obtain a Certificate of Use (CU), and Business Tax Receipt (BTR), and promptly renew the BTR annually, upon compliance with all of the terms and conditions of this approval, the same subject to cancellation upon violation of any of the conditions.
11. Prior to the issuance of a Certificate of Use (CU), the Applicant shall secure all permits/approvals from the applicable local, state and/or federal regulatory agencies. The Applicant shall promptly notify the Town if any required local, State or Federal approvals and/or licenses are rescinded, non-renewed or otherwise become non-effective. In such case, the Administrative Official shall have the authority to revoke this conditional use approval.
12. The Applicant shall obtain all required building permits and a Certificate of Use (CU) for all request(s) approved herein, within one (1) year of the date of this approval. If all required building permits and a Certificate of Use (CU) are not obtained or an extension granted within the prescribed time limit, this approval shall become null and void.

Section 5. Violations of Conditions. Failure to adhere to the terms and conditions of this Resolution shall be considered a violation of the Town LDC and persons found violating the conditions shall be subject to the penalties prescribed by the Town LDC, including but not limited to, the revocation of any of the approval(s) granted in this Resolution. The Applicant understands and acknowledges that it must comply with all other applicable requirements of the Town LDC before it may commence operation, and that the foregoing approval in this Resolution may be revoked by the Town at any time upon a determination that the Applicant is in non-compliance with the Town LDC.

Section 6. Appeal. In accordance with Section 13-310 of the Town LDC, the Applicant or any affected person may appeal the decision of the Town Council by filing of a notice of appeal or writ of certiorari in accordance with the Florida Rules of Appellate Procedure.

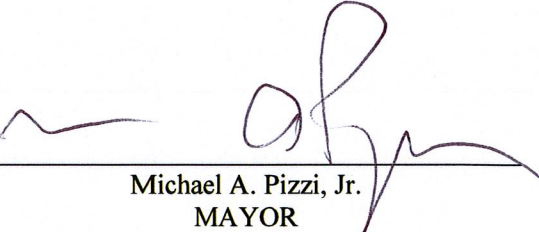

Section 7. Effective Date. This Resolution shall take effect immediately upon its adoption.

To whom it may concern,

The purpose for the new addition, is to provide a training facility for the police academy cadets. With the training facility the Police Trainees will have access to an

indoor shooting range for as long as they're in training. The facility will train the cadets for night time shooting qualification. There will be two K

will be [from 4pm-9pm Monday-Friday](#) Although the store Andy's Police Supply is opened [from 10am-6pmMonday-Saturday](#). The facility will have 3 employees.

The unit [14000 -14002](#) owns 9 parking spaces at the front of store and 4 parking spaces at the back of the units. I will attach a copy of the plans for the sound

George, Andy,

Below are possible solutions for all the walls of the proposed shooting range. Depending of the anticipated noise levels within the shooting range, the Sound Transmission Class (STC) of the walls can be improved, if necessary, by adding acoustical panels.

Based on the proposed use, it is recommended that solution #7 be used for Andy's Shooting Range, which will provide excellent soundproofing when installed on top of the existing 8" concrete tilt-up wall construction.

Let me know if you have any questions.

Question...

Do you have another shooting range somewhere else? And if so, do you have a noise study of that location that includes decibel levels and impacts to adjoining suites.

Thanks,

Stacy
