Definition: A formal solicitation is defined as issuance of an Invitation for Bids, Request for Proposals, Request for Qualifications, or Request for Letters of Interest pursuant to the City of Miami Procurement Code and/or Florida Law, as amended. Formal Solicitation and Solicitation shall be defined in the same manner herein.

1.1. ACCEPTANCE OF GOODS OR EQUIPMENT - Any good(s) or equipment delivered under this formal solicitation, if applicable, shall remain the property of the seller until a physical inspection and actual usage of the good is made, and thereafter is accepted as satisfactory to the City. It must comply with the terms herein and be fully in accordance with specifications and of the highest quality. In the event the goods/equipment supplied to the City are found to be defective or does not conform to specifications, the City reserves the right to cancel the order upon written notice to the Contractor and return the product to the Contractor at the Contractor's expense.

1.2. ACCEPTANCE OF OFFER - The signed or electronic submission of your solicitation response shall be considered an offer on the part of the bidder/proposer; such offer shall be deemed accepted upon issuance by the City of a purchase order.

1.3. ACCEPTANCE/REJECTION - The City reserves the right to accept or reject any or all responses or parts of after opening/closing date and request re-issuance on the goods/services described in the formal solicitation. In the event of such rejection, the Director of Purchasing shall notify all affected bidders/proposers and make available a written explanation for the rejection. The City also reserves the right to reject the response of any bidder/proposer who has previously failed to properly perform under the terms and conditions of a contract, to deliver on time contracts of a similar nature, and who is not in a position to perform the requirements defined in this formal solicitation. The City further reserves the right to waive any irregularities or minor informalities or technicalities in any or all responses and may, at its discretion, re-issue this formal solicitation.

1.4. ADDENDA - It is the bidder's/proposer's responsibility to ensure receipt of all Addenda. Addenda are available at the City's website at: <http://www.ci.miami.fl.us/procurement>

1.5. ALTERNATE RESPONSES WILL NOT BE CONSIDERED.

1.6. ASSIGNMENT - Contractor agrees not to subcontract, assign, transfer, convey, sublet, or otherwise dispose of the resulting Contract, or any or all of its right, title or interest herein, without City of Miami's prior written consent.

1.8. AUDIT RIGHTS AND RECORDS RETENTION - The Successful Bidder/Proposer agrees to provide access at all reasonable times to the City, or to any of its duly authorized representatives, to any books, documents, papers, and records of Contractor which are directly pertinent to this formal solicitation, for the purpose of audit, examination, excerpts, and transcriptions. The Successful Bidder/Proposer shall maintain and retain any and all of

the books, documents, papers and records pertinent to the Contract for three (3) years after the City makes final payment and all other pending matters are closed. Contractor's failure to or refusal to comply with this condition shall result in the immediate cancellation of this contract by the City.

1.9. AVAILABILITY OF CONTRACT STATE-WIDE - Any Governmental, not-for-profit or quasi-governmental entity in the State of Florida, may avail itself of this contract and purchase any and all goods/services, specified herein from the successful bidder(s)/proposer(s) at the contract price(s) established herein, when permissible by federal, state, and local laws, rules, and regulations.

Each Governmental, not-for-profit or quasi-governmental entity which uses this formal solicitation and resulting bid contract or agreement will establish its own contract/agreement, place its own orders, issue its own purchase orders, be invoiced there from and make its own payments, determine shipping terms and issue its own exemption certificates as required by the successful bidder(s)/proposer(s).

1.10. AWARD OF CONTRACT:

A. The Formal Solicitation, Bidder's/Proposer's response, any addenda issued, and the purchase order shall constitute the entire contract, unless modified in accordance with any ensuing contract/agreement, amendment or addenda.

B. The award of a contract where there are Tie Bids will be decided by the Director of Purchasing or designee in the instance that Tie Bids can't be determined by applying Florida Statute 287.087, Preference to Businesses with Drug-Free Workplace Programs.

C. The award of this contract may be preconditioned on the subsequent submission of other documents as specified in the Special Conditions or Technical Specifications. Bidder/Proposer shall be in default of its contractual obligation if such documents are not submitted in a timely manner and in the form required by the City. Where Bidder/Proposer is in default of these contractual requirements, the City, through action taken by the Purchasing Department, will void its acceptance of the Bidder's/Proposer's Response and may accept the Response from the next lowest responsive, responsible Bidder or Proposal most advantageous to the City or re-solicit the City's requirements. The City, at its sole discretion, may seek monetary restitution from Bidder/Proposer and its bid/proposal bond or guaranty, if applicable, as a result of damages or increased costs sustained as a result of the Bidder's/Proposer's default.

D. The term of the contract shall be specified in one of three documents which shall be issued to the successful Bidder/Proposer. These documents may either be a purchase order, notice of award and/or contract award sheet.

E. The City reserves the right to automatically extend this contract for up to one hundred twenty (120) calendar days beyond the stated contract term in order to provide City departments with continual service and supplies while a new contract is being solicited, evaluated, and/or awarded. If the right is exercised, the City shall notify the Bidder/Proposer, in writing, of its intent to extend the contract at the same price, terms and conditions for a specific number of days. Additional extensions over the first one hundred twenty (120) day extension may occur, if, the City and the Successful Bidder/Proposer are in mutual agreement of such extensions.

F. Where the contract involves a single shipment of goods to the City, the contract term shall conclude upon completion of the expressed or implied warranty periods.

G. The City reserves the right to award the contract on a split-order, lump sum or individual-item basis, or such combination as shall best serve the interests of the City unless otherwise specified.

H. A Contract/Agreement may be awarded to the Bidder/Proposer by the City Commission based upon the minimum qualification requirements reflected herein. As a result of a RFP, RFQ, or RFLI, the City reserves the right to execute or not execute, as applicable, an Agreement with the Proposer, whichever is determined to be in the

City's best interests. Such agreement will be furnished by the City, will contain certain terms as are in the City's best interests, and will be subject to approval as to legal form by the City Attorney.

1.11. BID BOND/ BID SECURITY - A cashier's or certified check, or a Bid Bond signed by a recognized surety company that is licensed to do business in the State of Florida, payable to the City of Miami, for the amount bid is required from all bidders/proposers, if so indicated under the Special Conditions. This check or bond guarantees that a bidder/proposer will accept the order or contract/agreement, as bid/proposed, if it is awarded to bidder/proposer. Bidder/Proposer shall forfeit bid deposit to the City should City award contract/agreement to Bidder/Proposer and Bidder/Proposer fails to accept the award. The City reserves the right to reject any and all surety tendered to the City. Bid deposits are returned to unsuccessful bidders/proposers within ten (10) days after the award and successful bidder's/proposer's acceptance of award. 1.13. BID SECURITY FORFEITED LIQUIDATED DAMAGES - Failure to execute an Agreement and/or file an acceptable Performance Bond, when required, as provided herein, shall be just cause for the annulment of the award and the forfeiture of the Bid Security to the City, which forfeiture shall be considered, not as a penalty, but in mitigation of damages sustained. Award may then be made to the next lowest responsive, responsible Bidder or Proposal most advantageous to the City or all responses may be rejected.

1.14. BRAND NAMES - If and wherever in the specifications brand names, makes, models, names of any manufacturers, trade names, or bidder/proposer catalog numbers are specified, it is for the purpose of establishing the type, function, minimum standard of design, efficiency, grade or quality of goods only. When the City does not wish to rule out other competitors' brands or makes, the phrase "OR EQUAL" is added. When bidding/proposing an approved equal, Bidders/Proposers will submit, with their response, complete sets of necessary data (factory information sheets, specifications, brochures, etc.) in order for the City to evaluate and determine the equality of the item(s) bid/proposed. The City shall be the sole judge of equality and its decision shall be final. Unless otherwise specified, evidence in the form of samples may be requested if the proposed brand is other than specified by the City. Such samples are to be furnished after formal solicitation opening/closing only upon request of the City. If samples should be requested, such samples must be received by the City no later than seven (7) calendar days after a formal request is made.

CAPITAL EXPENDITURES - Contractor understands that any capital expenditures that the firm makes, or prepares to make, in order to deliver/perform the goods/services required by the City, is a business risk which the contractor must assume. The City will not be obligated to reimburse amortized or unamortized capital expenditures, or to maintain the approved status of any contractor. If contractor has been unable to recoup its capital expenditures during the time it is rendering such goods/services, it shall not have any claim upon the City.

1.17. CITY NOT LIABLE FOR DELAYS - It is further expressly agreed that in no event shall the City be liable for, or responsible to, the Bidder/Proposer/Consultant, any sub-contractor/sub-consultant, or to any other person for, or on account of, any stoppages or delay in the work herein provided for by injunction or other legal or equitable proceedings or on account of any delay for any cause over which the City has no control.

Bidder/Proposer certifies that it is in compliance with the Conflict of Interest and Code of Ethics Laws. The City will investigate all potential situations where collusion may have occurred and the City reserves the right to reject any and all bids/responses where collusion may have occurred.

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. 2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: PlayPower, Inc.

Questionnaire completed by: David Sheedy, Julie Davis

Payment Terms and Financing Options

- 1) What are your payment terms (e.g., net 10, net 30)?

Net 30 days upon invoicing

- 2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?

PlayPower has partnered with National Cooperative Leasing (NCL) to offer NJPA members a complete suite of finance solutions. NCL is a current NJPA financing contract holder (#032615-NCL) and is an industry expert in municipal financing solutions. NCL will offer leasing terms from 12-120 months on transactions from \$5,000.00 and up. Traditional leasing and financing programs will be offered along with programs specifically designed for schools and governmental entities including Tax-Exempt Municipal Leases and a Purchase Order Only program. There is no ownership, common ownership, or control between PlayPower and NCL.

- 3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.

PlayPower most often will invoice NJPA members directly which makes gathering of sales data very straightforward. Reps/dealers when billing directly are required to provide copies of purchase orders from members which will include PlayPower's NJPA contract number and the NJPA Member number. The proposed process will follow our current NJPA process that requires orders to be coded as an NJPA order at the time of submission.

- 4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

No. The benefits of P-card procurement is most beneficial for smaller transactions. PlayPower's average playground sold exceeds \$20,000 so the real benefits of P-card would not be recognized.

Warranty

- 5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.

All PlayPower products offer a world class warranty that covers both manufacturing defects and workmanship. See each of our brand's warranty certificates attached separately to this RFP submittal.

- Do your warranties cover all products, parts, and labor?

As a manufacturer of recreation and playground equipment, accessories and supplies, we warranty our materials and workmanship only. All labor, including installation and repairs can be coordinated and quoted on a case by case basis with our Representative/Distributor/ Dealer Network. A complete listing of our Representative/Distributor/ Dealer Network has been provided.

- Do your warranties impose usage restrictions or other limitations that adversely affect coverage?

There are no usage limit restrictions with our warranty. Warranty statements for all of our brands have been supplied with this RFP submittal.

- Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?

Industry standards dictate that travel time is not covered under warranty. While there are some exceptions, PlayPower typically adheres to this standard.

- Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?

All PlayPower brands can provide warranty repairs in all regions of the United States.

- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?

PlayPower does not warranty products and services from other manufacturers. Any products sold from other manufacturers as a turn-key solution carry a warranty provided by the original manufacturer.

- What are your proposed exchange and return programs and policies?

While the product is standard, the design of Recreation and Playground Equipment accessories and supplies is very customized. Due to this, Playpower requires a 30% restocking fee for returns and exchanges.

- 6) Describe any service contract options for the items included in your proposal.

All of PlayPower's Representatives, Distributors, Dealers and Installers are factory trained and certified to service and repair our products. All warranty and service work will be coordinated between the NJPA member and our representatives.

Pricing, Delivery, Audits, and Administrative Fee

- 7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

A good family can make all the difference - so we would like you to meet one of the greatest families in the world: PlayPower. We lead the world in recreation equipment manufacturing - everything from commercial playgrounds, park & site amenities, fitness equipment, and shade, to floating modular boat docks and safety surfacing. All professionally supported by representatives all over North America (and the world for that matter) to meet NJPA Members' needs.

- 8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and

product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

Due to the size and scope of our product offering along with seven separate brands (companies) offered in this proposal and the discount structures varying by brand, a separate pricing discount file has been provided with this RFP submittal. Please refer to that document.

- 9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

As stated above, due to the size and scope of our product offering along with seven separate brands (companies) offered in this proposal and the discount structures varying by brand, a separate pricing discount file has been provided with this RFP submittal. Please refer to that document.

- 10) The pricing offered in this proposal is

- _____ a. the same as the Proposer typically offers to an individual municipality, university, or school district.
- _____ b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- X c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- _____ d. other than what the Proposer typically offers (please describe).

- 11) Describe any quantity or volume discounts or rebate programs that you offer.

Volume Rebates (per calendar year):

- \$500,000 - \$999,999 - 1% rebate
- \$1,000,000 - \$1,499,999 - 2% rebate
- \$1,500,000+ - 3% rebate

- 12) Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.

This service is coordinated by our independent representative/distributor/dealer networks. In the event PlayPower is doing the billing, we simply do a pass through with no markup on these services. Each service can vary due to location, size and scope of work.

- 13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

Some projects related to our recreation and playground equipment products, accessories and supplies can be material-only procured or more often, a turn-key solution. In the event of a turnkey solution project, sourced work such as installation, curbing, sidewalks, landscaping, and any other types of non-equipment related work could be involved. This service can be coordinated by our independent representative/distributor/dealer networks. In the event PlayPower is doing the billing, we simply do a pass-through with no markup on these services. Each service can vary due to location, size and scope of work. Installation is specifically addressed in the pricing discount schedule which is provided with this RFP submittal.

14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.

Any additional freight cost will be evaluated by PlayPower's shipping department and the best available rate and service will be passed on to the NJ PA member during the quote process.

15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

As is the case in the 48 contiguous United States, freight is the responsibility of the NJPA member. Additional freight charges will be evaluated by PlayPower's shipping department and the best available rate and service will be passed on to the NJ PA member during the quote process.

16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

Where it makes sense, we use Intermodal freight transport which involves the transportation of freight in an intermodal container or vehicle, using multiple modes of transportation (rail, truck, ship), without any handling of the freight itself when changing modes. The method reduces cargo handling, and so improves security, reduces damage and loss, and allows freight to be transported faster. Reduced costs over road trucking is the key benefit.

17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.

- PlayPower's order entry system has required point and click requirements as it relates to contracts. When an order is entered, the system literally prompts the user with the question "Is this a NJPA project?" and the user is required to answer YES or NO to proceed. The order entry system also checks for minimum discount compliance.
- All NJPA orders are also reviewed manually for compliance to ensure minimum NJPA pricing discounts and are entered with a NJPA code to ensure proper reporting and administrative fee.
- In addition, management reviews total amount of NJPA sales for accuracy and in addition, evaluates representatives' performance selling the NJPA contract on an annual basis.
- NJPA sales tracking is included in PlayPower's corporate budgeting process.

18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

We propose a 1% administrative fee for all PlayPower Equipment sold. This is calculated at LIST PRICES and not discounted net sales. In addition, we propose a 1% administrative fee for all open market/turnkey solution products, work and services billed and provided to NJPA members directly from PlayPower or through our independent representative/distributor/dealer network.

This yields big insight for NJPA members regarding information about their playgrounds. No other manufacturers offers this.

23) Describe any serviceability attributes that your offered solutions contain. Please indicate which of these attributes are considered "industry-expected attributes" and which you believe are "vendor differentiators."

In coordination with our vast array of local representatives, distributors and dealers, we offer a solution for NJPA members from the design phase of their project all the way through the installation. We always design for no cost to the NJPA member which differentiates us from some other competitors. PlayCreator, our proprietary software that no other manufacturer has, allows us to design for safety and standards. Our representatives manage projects through the construction phase, whether we are coordinating that work or whether it is being coordinated by the NJPA member. Some other manufacturers work on a "supply only" basis and do not offer this. And once the project is complete, our representatives can offer maintenance. In addition, all of our outdoor play representatives and installers are Certified Playground Safety Inspectors (CPSI) and can provide safety inspections for NJPA members for all of their playgrounds, whether they were manufactured by PlayPower or not. We know what NJPA members expect and we have them covered from top to bottom.
