PARKS AND RECREATION DEPARTMENT

Town of Miami Lakes

6100 Main ST Miami Lakes, FL 33014

Phone: (305) 364-6100

On the web at: www.miamilakes-fl.gov

This booklet is provided as a public service by the Town of Miami Parks and Recreation Department

The Town of Miami Lakes provides equal access and equal opportunity in employment and services and does not discriminate on the basis of handicap.

General Information

The Town of Miami Lakes Ordinance No. 12-151 mandates the protection of the Town's tree and forest resources. The following information should assist you in understanding the Town's tree and forest protection requirements. Please take the time to read this information carefully before filling out the attached application.

Where and when are tree removal, relocation and Town Owned Tree root pruning permits required?

Tree removal permits are required for the cutting down, removal, relocation, or effective destruction of any tree in the Town of Miami Lakes, except for certain exemptions described in this package. This application is also required for proposed root pruning of Town-owned trees, unless otherwise authorized by the Town. The Town may require modifications to proposed work when necessary to protect tree and forest resources..

Note: A tree is defined as any woody or fibrous perennial plant having a minimum trunk DBH" of three inches or greater or with an Over All Height (OAH) of twelve or more feet.

What about the trimming of trees?

Tree removal permits are not required for the selective pruning of trees, provided the pruning is performed in accordance with the most recent American National Standards Institute (ANSI) A300 Tree Care Standards. However, excessive pruning, such as hat-racking or topping, which results in the effective destruction of a tree constitutes a violation of the Town's Tree Ordinance. Activities that damage or effectively destroy a tree, including trunk girdling, damage to the root system, excessive root cutting, or chemical application, are also prohibited.

Root pruning of Town-owned trees requires prior review and authorization by the Town. This application shall be used to request authorization for and document proposed root-pruning work on Town-owned trees.

Who administers the Town of Miami Lakes tree and forest protection program?

The Town of Miami Lakes Parks and Recreation Department.

Who must apply for a tree removal, relocation and root pruning permit?

For tree removal or relocation on private property, the property owner must sign the permit application. The property owner may designate an authorized agent by submitting a letter of authorization to the Town. For root pruning of a Town-owned tree, the person or entity proposing the work must submit the application and obtain Town authorization before any root pruning begins.

What types of tree and forest resources does the ordinance protect?

There are three categories of protected tree resources in the Town of Miami Lakes: "Regular-size" trees (less than 18" DBH), "Specimen-size" trees (18" or greater DBH), and Natural Forest Communities which include grasses, shrubs, and trees.

Does my tree fall under Florida Statue 163.045?

To determine if your tree removal falls under Florida Statute 163.045, consider the following criteria: The tree must be located on residential property, defined as a single-family home. If you possess documentation from an ISA-certified arborist or a Florida-licensed landscape architect stating that the tree poses an unacceptable risk to persons or property and that removal is the sole practical method to mitigate this risk to a moderate level, then the statute applies. In such cases, application, approval, permits, fees, or mitigation for tree pruning, trimming, or removal are not required. It's important to note that proceeding with a permit application in these instances may not result in a refund if the statute applies to your situation.

Will I be required to replant trees for the ones that I remove?

All "regular-sized" trees you remove -- except for the exempt or prohibited species -- must be replaced with an equal amount (100%) of the tree canopy. "Specimen-sized" trees require double canopy replacement and payment to the Town Tree Trust equivalent to the costs of the specimen tree replacement requirements. This is accomplished by planting trees from the categories below:

Tree Replacement Chart

Category Replacement	The portion of Impact Area that each replacement Tree <u>compensates for in sq. ft.</u>	Min. size <u>in feet</u>	Town Trust <u>Contribution</u>
Tree _____			
Hardwood/Shade Tree 1	500	12' overall	\$1000 per tree
Hardwood/Shade Tree 2	300	8' overall	\$600 per tree
Palm Tree 1	300	10' clear trunk	\$600 per tree
Palm Tree 2	100	3' clear trunk	\$200 per tree
Small Tree	200	6' overall height	\$400 per tree

*Please note that you may be required to replant more than one type of tree.

What fees do I have to pay for a tree removal permit?

A non-refundable application fee (based on zoning) and an initial inspection fee are required upon permit application submission. Additional fees may be charged at the time of permit issuance. See the fee schedule in this package.

What happens if I do not comply with the conditions and requirements of my tree removal permit or remove a tree or forest without a permit?

You may be issued a "Notice of Violation" and ordered to stop all land clearing and construction until you have complied with Town Ord. No. 12-151. Furthermore, you may be required to pay penalties for each violation and replace the tree canopy.

How long will my tree removal permit be valid?

One year but can be renewed by contacting the Town.

**DBH = (Diameter at Breast Height) trunk diameter measured at a point 4 1/2 ft. above ground*

Special Permits and Requirements

Tree removal permit applications involving a building permit must include the following items:

1. A completed tree removal application form along with a non-refundable application and initial inspection fees.
2. Two copies of a site plan. This site plan must show all proposed site improvements, including driveway, septic tank, pool, tennis court, utility lines, sewer lines, setbacks, and any accessory buildings.
3. At the discretion of the Town, a tree survey may be required. Please see the Town's *Tree Survey Guidelines and Specifications* for further information. Please be advised that the Town may require the property and area of the proposed construction staked prior to inspection.
4. All removal permits require the full replacement of a tree canopy. Town approval of a tree replacement or landscaping plan may be required prior to the issuance of this tree removal permit. Please read the tree replacement requirement section for details. Improper root pruning work that effectively destroys a tree can also result in replacement.

Tree removal permit applications involving new road construction or any improvement in road rights-of-way must include the following items:

1. A completed tree removal application form along with a non-refundable application and initial inspection fees.
2. Two copies of the paving and drainage plan with the locations of all trees to be affected. Please be advised that the center line and/or limits of construction must be staked prior to inspection and subsequent permit issuance.
3. All permits require the full replacement of the tree canopy. Town approval of a tree replacement plan or landscaping plan may be required prior to issuance of this tree removal permit.

Tree Replacement Requirements:

1. Tree canopy replacement will be required as a condition of every tree removal permit. Replacement Tree Plan forms are available upon request and may be used when the canopy impacted is less than 10,000 square feet. (See Canopy Credit Formulas on page 1)
2. When replacement tree canopy exceeds 10,000 square feet, a landscape plan must be submitted and approved by the Town prior to permit issuance. A performance bond is required for the cost of the canopy replacement. The bond must be submitted prior to permit issuance. The Department accepts letters of credit and certificates of deposits for the bond.

Town-Owned Tree Root Pruning Requirements:

1. work must comply with ANSI A300; excessive root cutting/tree abuse is prohibited; disturbance to roots should be minimized; and construction methods near trees should avoid damage to major roots.
 - Tree location, species and DBH
 - Reason root pruning is needed
 - Photos and a simple site sketch
 - Location of proposed root cuts and distance of proposed cuts from the trunk

Exemptions & Prohibited Plant Species

No permits are required for the trees listed below unless the Trees are in a Natural Forest Community or a protected preserve such as EEL lands.

- Photos of the trees should be taken before the trees are removed. Keep the photos for your records.
- Trees can only be removed with the property owner's consent.
- Photos & information may be viewed at <http://www.miamidade.gov/derm/Plants/>

All trees listed below as prohibited species in Miami Dade County Code Section 24-49.9, as amended by the County from time to time.

- *Abrus precatorius* (Rosary pea) *Acacia auriculiformis* (Earleaf acacia)
- *Adenanthera pavonina* (Red beadtrees, red sandalwood)
- *Albizia lebbek* (Woman's tongue, lebbek tree, siris tree)
- *Antigonon leptopus* (Coral vine, queen's jewels)
- *Ardisia crenata* (Scratchthroat, coral ardisia)
- *Ardisia elliptica* (Shoebutton, shoebutton ardisia)
- *Bischofia javanica* (Javanese bishopwood, bishopwood, bischofia, toog)
- *Casuarina* spp. (Australian pine, sheoak, beefwood)
- *Cestrum diurnum* (Dayflowering jessamine, day blooming jasmine, day jessamine)
- *Cinnamomum camphora* (Camphortree, camphor tree)
- *Colubrina asiatica* (Asian nakedwood, leatherleaf, latherleaf)
- *Cupaniopsis anacardioides* (Carrotwood)
- *Dalbergia sissoo* (Indian rosewood, sissoo)
- *Dioscorea alata* (White yam, winged yam)
- *Dioscorea bulbifera* (Air potato, bitter yam, potato vine)
- *Eichhornia crassipes* (Common water-hyacinth, water-hyacinth)
- *Ficus altissima* (Council tree, lofty fig, banyan tree, false banyan)
- *Ficus benghalensis* (Banyan tree, banyan fig, Indian banyan, East Indian fig tree, Bengal fig)
- *Ficus microcarpa* (Indian laurel, laurel fig, Malay banyan, Chinese banyan, glossy leaf banyan)*
- *Flacourtia indica* (Governor's plum, Madagascar plum, batoko plum, ramonchi)
- *Hydrilla verticillata* (Water thyme, hydrilla)
- *Hygrophila polysperma* (Indian swampweed, green hygro)
- *Hymenachne amplexicaulis* (Trompetilla, West Indian marsh grass)
- *Imperata cylindrica* (Cogongrass)
- *Ipomoea aquatica* (Water-spinach)
- *Jasminum dichotomum* (Gold Coast jasmine)
- *Jasminum fluminense* (Brazilian jasmine, jazmin de trapo)
- *Leucaena leucocephala* (White leadtree, lead tree, jumbie bean, tan-tan)
- *Ludwigia peruviana* (Peruvian primrosewillow)
- *Lygodium* spp. except *L. palmatum* (Climbing fern, e.g. Old World climbing fern, Japanese climbing fern)
- *Macfadyena unguis-cati* (Catclaw vine)
- *Melaleuca quinquenervia* (Punk tree, melaleuca, cajeput, paperbark tree, tea tree, swamp tea tree)
- *Melia azedarach* (Chinaberrytree, Chinaberry)
- *Merremia tuberosa* (yellow morning-glory, woodrose, Hawaiian woodrose)
- *Mikania micrantha* (Mile-a-minute, bittervine)

- *Mimosa pigra* (Black mimosa, Catclaw mimosa)
- *Neyraudia reynaudiana* (Burmareed, silkreed) *Paederia* spp. (Sewervine, skunkvine, onion vine)
- *Panicum repens* (Torpedograss)
- *Pennisetum purpureum* (Elephantgrass, Napiergrass)
- *Pistia stratiotes* (Water lettuce)
- *Pueraria montana* var. *lobata* (Kudzu)
- *Rhodomyrtus tomentosa* (Rose myrtle, Downy rose-myrtle)
- *Rhynchelytrum repens* (Rose natalgrass, Natal grass)
- *Ricinus communis* (Castorbean, castor oil plant, palma christi, wonder tree)
- *Sapium sebiferum* (Popcorn tree, Chinese tallow tree)
- *Scaevola taccada* (Beach naupaka, scaevola, half-flower)
- *Schefflera actinophylla* (Australian umbrella tree, octopus tree, Queensland umbrella tree)
- *Schinus terebinthifolius* (Brazilian pepper, Christmas berry tree, Florida holly)
- *Senna pendula* var. *glabrata* (Valamuerto, Climbing cassia, Christmas cassia, Christmas senna)
- *Solanum tampicense* (Aquatic soda apple, wetland nightshade)
- *Solanum viarum* (Tropical soda apple)
- *Talipariti tiliaceum* (Mahoe, sea hibiscus, yellow mahoe)
- *Tectaria incisa* (Incised halberd fern)
- *Thespesia populnea* (Portia tree, seaside mahoe, cork tree, false rosewood)
- *Tribulus cistoides* (Puncture vine, burrnut, Jamaican feverplant, billy-goat weed, large yellow caltrop)
- *Urochloa mutica* (Paragrass) * *Ficus*

microcarpa may be propagated for export outside of the State of Florida.

Tree Removal/Relocation Permit Fee Schedule

Zoning of Property	Before inspection (Insp.) (must be submitted with the tree removal/relocation application (appl.))	After inspection (insp.) (must be paid before the Department signs/executes the tree removal/relocation permit)
Single Family/Residential	\$63 appl + \$35 initial insp. = \$98	\$35 final insp. + \$12 per tree up to max. of \$320
Multi-Family	\$80 appl + \$35 initial insp. = \$115	\$35 final insp. + \$12 per tree up to max. of \$395 (acre) (canopy)
Business	\$105 appl + \$35 initial insp. = \$140	\$35 final insp. + \$12 per tree up to max. of \$395 (acre) (canopy)
Commercial	\$105 appl + \$35 initial insp. = \$140	\$35 final insp. + \$12 per tree up to max. of \$660 (acre) (canopy)
Agricultural	\$55 appl + \$35 initial insp. = \$90	\$35 final insp. + \$6 per tree up to max. of \$265 (acre) (canopy)
Right of Way/Swale	\$28 appl + \$35 initial insp. = \$63	\$35 final insp. + \$6 per tree up to max. of \$265 (acre) (canopy)

- Inspection fees listed above are based on applications to remove and/or relocate and assess 20 trees or less. For projects with more than 20 trees, the inspection fees are adjusted as follows:
 - 21-100 trees to be inspected: \$65
 - 101-200 trees to be inspected: \$135
 - More than 200 trees to be inspected: \$265
- For all new application submittals, the application and the initial inspection fee are required for processing.
- For After-the Fact (ATF) tree removal/relocation permits, the application and the per tree(s) fee are doubled (2x). The fees listed above are based on voluntary (not ATF) applications.
- For relocation permits only, there is no per tree(s) fee charged, only the application and inspection fees.
- In order to renew/extend a permit, you will be required to pay the original application fee amount prior to the expiration of the current permit.
- For permit and fee exemptions, please refer to Town Tree Protection Ordinance no. 12-151
- **Please be advised that the application and the initial inspection fee are required upon permit application submission and are non-refundable if canceled, withdrawn, or denied.**

**USE THIS TABLE TO CALCULATE YOUR TREE PLANTING REQUIREMENTS FOR YOUR
TREE REMOVAL PERMIT**

Category Replacement Tree	Portion of Impact Area that each replacement Tree compensates for in sq. ft.	Min. size in feet
Hardwood/Shade Tree 1	500	12' overall
Hardwood/Shade Tree 2	300	8' overall
Palm Tree 1	300	10' clear trunk
Palm Tree 2	100	3' clear trunk
Small Tree	200	6' overall height

You may be required to replant more than one type of tree.

Overall height

Example:
If you are requested to plant (See Replanting Requirements in your permit) 1,500 SQ.FT., you can plant:

- a) Three hardwood trees, 12' height each (you will get 1,500 SQ.FT.). Or,
- b) Two hardwood trees, 12' height each, and two palms, 10' clear trunk each (you will get 1,600 SQ.FT.). Or,
- c) Any combination of tree sizes up to the required credit.

PALMS CANNOT BE MORE THAN 30% OF THE TOTAL CANOPY AND FRUIT TREES WILL NOT COUNT TOWARDS MITIGATION.

Clear trunk
